CORE I ADVANCED FUNCTIONAL DENTISTRY

The Power of Physiologic Based Occlusion

A three day course designed to teach the LVI CORE philosophy in occlusal concepts, dental practice, and life.

COURSE DESCRIPTION

CORE I encompasses the core of the LVI philosophy in occlusal concepts, dental practice, and life. This program will start you on a path to greater understanding and enjoyment in your profession! An exciting three-day, hands on program that gives you the tools to treat complex cases and gain treatment acceptance from your patients using physiologic based dentistry.

You have patients in your practice RIGHT NOW that can benefit from these concepts; you have the opportunity to change their lives starting the day you return to your office!

COURSE OBJECTIVES

- Develop a practice free from the influence of insurance.
- Recognize what cases are dangerous to restore cosmetically.
- Identify the underlying cause of malocclusion and its importance.
- Identify why Class 2 & Class 3 malocclusions develop.
- Discuss which cases may require additional multidisciplinary treatment to ensure success.
- Define dental related musculoskeletal signs and symptoms.
- Understand why & how to take a physiologic bite & its relationship to the rest of the body.
- Eliminate Bruxism/Grinding in almost every case!
- Develop skills to eliminate chronic pain that no other health provider can.
- Understand the bite positions related to headache, neck pain, and back pain.
- Understand the importance of airway & pain.
- Most importantly learn to love what you do for a living!

LEARN MORE ABOUT LVI

COMPREHENSIVE CARE. THE PHYSIOLOGIC CONNECTION.

LVI has brought the importance of physiology to life with logical and scientific information about how we as dentists can provide care we never thought possible. With the training provided, you will be able to provide care you may never have imagined possible and become a complete mouth doctor. LVI implements the physiologic approach in all major courses providing comprehensive care for your patients.

IDEAL AESTHETICS. THE AESTHETIC OCCLUSION CONNECTION.

The connection of occlusion and aesthetics is LVI's primary claim to fame. No one does it better using scientific, evidenced based principles. This revolutionary marriage and understanding of functional physiology allows long lasting, predictable and stable restorations with amazingly beautiful results.

ADVANCED TECHNOLOGY. LEADING THE WAY.

LVI continually investigates the most advanced technologies, materials, and protocols in dentistry. LVI has long been involved in product and material development with leading manufacturers in dentistry.

LVI EXPERIENCE. LOVE WHAT YOU DO.

For over 20 years, LVI has been unparalleled in the world of advanced CE. With over 10,000 alumni, 97.2% of them say they love being dentists and 92% of those giving LVI credit for that feeling. The family feeling of gratitude for LVI has created a network of worldwide dentists in 48 different countries that want to help each other succeed. That may be the greatest legacy of LVI.

TEAM SUCCESS. NEVER STOP LEARNING.

The LVI Practice Management Systems are designed to enable you to design the practice of your dreams. Your practice is simply a reflection of the commitment and dedication of the entire team.
