# 10th Annual Comprehensive Dental Skills Series

**Embassy Suites Milpitas** 

April 17: Treatment Planning, Designing and Delivering Complex Restorative and Multidisciplinary Cases Dr. Marc Geissberger Chairs the Department of Integrated Reconstructive Dental Sciences at UoP, running their prestigious complex and esthetic rehabilitation program.

June 5: OSHA & Infection Control Noel Brandon-Kelsch, RDH, uses her unique humor and cutting edge information to present tough subject matter in an interesting way. She is the infection control columnist for RDH magazine, a syndicated newspaper columnist and has been featured on Disney Radio & ESPN. California Dental Practice Act PLUS a bonus segment on Successful Practice Transitions! Patrick J. Wood is a partner at Wood & Delgado, representing dentists for 34 years. The firm's primary emphasis is on dental practice sales, lease reviews, associateships, and also specializes in dental board defense, estate planning for dentists and employment law issues.

**June 26:** Great Products, Techniques, and Strategies for your 2016 Practice (including live hands-on demos of more than 10 new products) *Dr. Joe Blaes*, is Past Editor of Dental Economics Magazine. He created a unique, insurance-free, fee-for-service practice emphasizing preventive, esthetic, reconstructive & implant dentistry. Because of his interest in new, innovative and more efficient materials & techniques for his office, Dr. Blaes began writing a column, "Pearls for Your Practice" in Dental Economics and is now a renowned lecturer.

**July 10:** Comprehensive Introduction to Dental Sleep Apnea (8AM-5PM and 8 CE Units) *Dr. Rob Veis* has been practicing for almost 30 years, was a professor at USC for 12 years and lectures nationally on restorative dentistry and appliance therapy.

### June 26 course will be at the:

Doubletree Newark-Fremont 39900 Balentine Drive, Newark, California, 94560 (510) 490-8390 All Other Courses: Embassy Suites Milpitas, 901 E Calaveras Blvd, Milpitas, CA 95035 (408) 942-0400 (Minutes from 880, 680, 101 & 237 Fwys)

\$179 EACH LECTURE, \$229 FOR THE 8 CE INTRO TO DENTAL SLEEP APNEA OR THE ENTIRE 4 COURSE SERIES (29 CA & AGD CES EACH \$449

COURSE SERIES SPONSORED BY:

### **COURSE TOPICS**

Treatment Planning Complex Restorative Cases: Treatment planning, designing and managing complex restorative and esthetic cases can be daunting. Dr. Geissberger introduces some universal principles to help doctors achieve optimal results, emphasizing specific techniques and design concepts to aid practitioners in achieving optimal functional and esthetic results. Attendees will learn how to: Diagnose a variety of complex clinical situations ◆ Sequence complex cases to optimize outcomes, including with multiple specialties (orthodontics, periodontics, oral surgery, and endodontics) ♦ Design a case with the final product in mind ♦ Select appropriate materials based on functional needs and esthetics ♦ Manage and quarterback all members of the treating team, including specialists ♦ Work effectively with laboratory support team to achieve lasting, esthetic results • Optimize case acceptance through an increased understanding various patient types

**OSHA, Infection Control and CA DPA:** This course will not only entertain you and your staff but will enable attendees to meet license renewal requirements and state and federal requirements for OSHA Bloodborne Pathogen training, the California Dental Practice Act and Infection Control. The California Dental Practice Act segment will include: basic requirements of the Dental Board, how to avoid Dental Board problems AND Present actual case studies of dentists subjected to Board discipline.

Navigating the Dental Transition Minefield: Whether you own or plan to own a dental practice, this bonus segment is for you! Subjects include- Pitfalls in the purchase agreement ♦ Issues you face while when purchasing or selling a dental practice, entering into a partnership buy-in, or becoming an associate Lease issues which can destroy your investment ♦ Continuing to practice dentistry after a sale

Great Products and Techniques for Your Practice: This seminar covers clinical procedures from start to finish, highlighting the best products, materials and techniques that enable dentists to produce the highest quality dentistry in the least amount of time, at a low level of stress. It will include hands-on demos where the attendees can practice using many new products. This course is designed to increase hourly production and will demonstrate many ways that clinical dentistry can be enhanced, upgraded, simplified, done quicker and made more fun for the entire dental team. You will go home with a "cookbook of Pearls" that can be immediately implemented in your office.

Intro to Dental Sleep Medicine (8 CE Units): This course is intended to provide a comprehensive overview of diagnosis and treatment of sleep apnea cases for dentists interested in adding this growth area to their practices. Dr. Veis will cover all aspects diagnosis and the sleep study, deciding which appliances to use for treatment, measuring and fitting the appliances, interacting with the fabricating lab, and how to manage the billings to medical insurance, including: Introduction to sleep stages, disorders and why there is a need for treatment? ♦ Sleep apnea signs/symptoms/clinical issues and treating sleep apnea via dental appliance protocol review ♦ Services to do and read sleep tests ♦ Overview of Appliances - pro's and con's of all of the major sleep appliances ♦ Model analysis, mixed dentition and how to take construction bites for making certain appliances ♦ Group work on an actual case and diagnosing appliance ♦ Services to fully take care of the medical billing for these services
