

The logo features the text "XCEL SEMINARS" in a bold, black, sans-serif font, centered within a yellow oval. This oval is framed by a thick, yellow rope with a black outline, which is coiled into a rectangular shape with rounded corners. The rope has frayed ends at the top. The entire design is set against a solid brown background.

XCEL SEMINARS

11th Annual Comprehensive Dental Skills Series

Knott's Berry Farm Resort Hotel

Jan. 22, 2017: Ceramic Restorations from Start to Finish *Dr. Art Volker has published articles and lectures on cosmetic dentistry, minimally invasive dentistry, dental materials and dental implants.*

Feb. 26: Oral Medicine for the General Practitioner *Dr. Patrick Quaranta was a former clinical and full time professor of Oral Medicine at UMDNJ-New Jersey Dental School.*

March 12: OSHA, Infection Control & the California Dental Practice Act PLUS Successful Practice Transitions! *Noel Brandon-Kelsch, RDH, uses her unique humor and cutting edge information to present tough subject matter in an interesting way. She is the infection control columnist for RDH magazine, a syndicated newspaper columnist and has been featured on Disney Radio & ESPN. Pat Wood, Partner at Wood & Delgado is an expert on the Dental Practice Act and Dental Transitions.*

April 30: Providing Optimal Care Using Tooth Structure- A Lecture on Minimally Invasive Advanced Adhesion Dentistry *Dr. Richard Young is an Associate Professor at Loma Linda University. He lectures on advanced minimally invasive, tooth preserving or "Biomimetic" dentistry.*

May 21: Esthetic Pediatric Dentistry & Treating Trauma *Dr. Mark Cannon is Pedodontic Diplomate and Professor at Northwestern University who has worked on the cutting edge of learning and teaching the newest and best dental care for children*

June 11: Revolutionary Endo-Using Biomimetic Principles to Preserve & Save More Teeth *Dr. Robert Salehrabi is back by popular demand for this brand new topic! He maintains a private practice is an Associate Professor of Clinical Endodontics at USC and a recommended speaker of the American Association of Endodontists.*

Knott's Berry Farm Resort Hotel, 7675 Crescent Ave, Buena Park, CA
(Beach Blvd. exit of the 5, 405 & 91 Fwys)

ALL COURSES ARE ON SUNDAYS (8AM-4PM) AND 7 CA CEs EACH
\$149 EACH LECTURE, \$349 FOR THE 4/9 HANDS-ON
ORAL SURGERY COURSE OR THE ENTIRE
6 COURSE SERIES (42 CA & AGD CEs)
FOR ONLY \$549!

**BONUS
HANDS-ON
COURSE:
ONLY
\$249
FOR SERIES
MEMBERS**

April 9, 2017 Hands-on Oral Surgery & Setting the Stage for Optimal Ridge Preservation *Dr. Ron Wang has received extensive training in oral and periodontal surgery, implants and fixed prosthetics.*

COURSE SERIES
SPONSORED BY:

COURSE TOPICS

Ceramic Restorations: *Dr. Volker helps attendees navigate the confusing world of dental ceramics from treatment planning and sequencing to cementation and maintenance, including:* Proper selection criteria for ceramic materials and ancillary component usage ♦ Retraction ♦ Effective communication with the dental laboratory

Oral Medicine for GPs: *This course gives dentists the tools to diagnose abnormal and pathological conditions within the mouth. Using clinical pictures and x-ray imaging and by teaching diagnostic process and differential diagnosis (DiffDx), the course addresses systemic health conditions manifesting as oral changes and also possible treatment of oral conditions, including:* What a lesion looks like, the general concepts of diagnostics and value of patient histories ♦ Appropriate communication with other doctors ♦ Review common lesions including, candidiasis, frictional hyperkeratosis, lichen planus, auto-immune diseases manifested in the mouth, aphthous ulcers, hemangiomas, hematomas and ecchymosis, HSV 1, HPV and other viral lesions, oral cancers and radiographic lesions

OSHA, Infection Control and the CA Dental Practice Act: *This course will not only entertain you and your staff but will enable attendees to meet license renewal requirements and state and federal requirements for OSHA Bloodborne Pathogen training, and infection control with Noel Kelsch. The California Dental Practice Act segment with Pat Wood will include:* basic requirements of the Dental Board, how to avoid Dental Board problems AND Present actual case studies of dentists subjected to Board discipline PLUS he will present a Bonus Course-Navigating the Dental Transition Minefield: Whether you own or plan to own a dental practice, this bonus segment is for you! Subjects include- Pitfalls in the purchase agreement → ♦ Issues you face while when purchasing or selling a dental practice, entering into a partnership buy-in, or becoming an associate → ♦ Lease issues which can destroy your investment → ♦ Continuing to practice dentistry after a sale

Hands-on Intro to Oral Surgery and Ridge Preservation (this course on pig's jaws is not included in the course series and is an additional fee): *This comprehensive program will show hands-on surgical extractions and socket grafting. Topics Include:* Gain a greater appreciation for diagnosis and assessment of tooth root anatomy and alveolar shape and form ♦ Understanding the socket anatomy based treatment algorithm ♦ Understand how to treatment plan in the best way to reach the desired outcome ♦ Learn the principles of minimally traumatic tooth extraction ♦ Gain an understanding of the biology of ridge resorption after extraction of a tooth ♦ Learn about the biofunctionality of biomaterials and its influence on extraction socket healing ♦ (HANDS-ON) Practice important techniques for minimally invasive tooth extraction plus preparing and placing biomaterials to achieve optimal ridge preservation

Minimally Invasive, Biomimetic Dentistry: *In the last 25 years, materials & techniques have improved dramatically yet they are not being used in most dental practices. This course teaches, via step-by-step with clinical images & videos, how to simply perform advanced adhesion techniques (which are backed by published science) on a daily basis, while eliminating post-op pain & increasing restoration longevity. Topics include:* IDS (Immediate Dentin Sealing)- "THE most important advancement in adhesion dentistry" that increases direct restorations dentin bond strengths by 80% and quadruples indirect restorations dentin bond strengths ♦ Creating low stress, high bond strength composites-Hint: it's all in how you place it ♦ Repairing anterior pediatric trauma ♦ Preserve & repair geriatric dentition ♦ New, simple and durable technique for desensitizing - How to identify, treat & bond dentin cracks

Esthetic Pediatric Dentistry & Treating Trauma: This presentation will discuss all aspects of Esthetic Pediatric Dentistry for the demanding patient and parent! Specifically; anterior and posterior composites, esthetic crowns (zirconium and IPS e.max), tissue regeneration, laser therapy, preventive and interceptive orthodontics, esthetic space maintainers, and, of course, behavior management. Dr. Cannon will also provide a comprehensive review of preventive dentistry, using the latest in probiotic therapy and the latest in microbiome research.

Revolutionary Endo: *This seminar covers the latest research and techniques, based on Biomimetic principals of maximizing tooth structure, for having endodontic success in your practice. Dr. Salehrabi will show numerous cases to teach the following:* Appropriate case selection ♦ Executing wholistic diagnosis methods to find the right tooth and treat it correctly ♦ Maximizing improvements in file technologies to improve outcomes and preserve tooth structure ♦ Using cutting-edge materials to biomimetically mimic natural dentine and provide a range of effective treatment option in addition to standard root canals and a restorations after performing root canals to maximize success.

TUITION	6 COURSES	EACH INDIVIDUAL COURSE
More than 14 days before an event	Dentist: \$549 , Staff: \$349 Add Hands-on Intro to Oral Surgery: \$249	Lectures - Dentist: \$149, Staff: \$119 Hands-on Intro to Oral Surgery: \$349

of Dentistry of USC

Continuing Professional Education

Course Directors: Dr. James Tom and Dr. Kenneth Lee

Faculty: Dr. Michael Alanes, Dr. Shirin Bankie, Dr. Michael Mashni, Dr. Shaheen Moezzi, Dr. Amanda Okundaye, Dr. Christine Quinn, Dr. Mary Satuito, Dr. Ryan Wu, and additional clinical faculty

Dr. James Tom

Dr. Kenneth Lee

The Herman Ostrow School of Dentistry is proud to offer to you this comprehensive parenteral moderate sedation course. The 2017 course expands its curriculum to include new drug regimens, advances in patient monitoring, and ACLS Certification. This intensive course consist of 12 days totalling 96 hours: 8 days of lectures and hands-on workshops, and 4 days of clinical patient interaction. Each clinical Saturday will be followed by 2 hours of debrief and classroom troubleshooting. The course meets (and exceeds) the educational requirements established by the ADA Guidelines and fulfills most state regulations for administration of IV moderate sedation to dental patients. Each didactic day begins with a pre-session knowledge assessment and concludes with a case-based group learning exercise. Participants will perform physical evaluation, take medical histories, outline an anesthetic

plan, initiate and confirm intravenous access, administer and become competent in the titration of sedative medications, and perform dental procedures under close supervision of faculty who have had post-graduate training in dental anesthesiology. They will also receive over-the-shoulder demonstration of airway management in a live patient setting. For detailed course information, please contact 213.821.2127 or cedental@usc.edu.

* Tuition includes course materials, continental breakfast, lunch, and refreshment during breaks
To register, please check the course(s) and return the completed registration by mail or fax,
or, simply call 213-821-2127 to register over the phone.

DR. PERIKLIS PROUSSAEFS is a prosthodontist. He obtained a certificate in Prosthodontics, a certificate in Implant Dentistry, and a Master's degree from Loma Linda University (LLU) in year 2000. Dr Proussaefs has published over 45 peer-reviewed articles in the dental literature, and has been serving as an Editorial Board member for the Journal of Prosthetic Dentistry, the Journal of Prosthodontics, and the Journal of Oral Implantology. Among many others, he is the recipient of the prestigious Tylman award by the American Academy of Fixed Prosthodontics, the Judson C. Hickey Scientific Writing Award by the Journal of Prosthetic Dentistry, and the Robert James Achievement Award by the Advanced Education program in Implant Dentistry at LLU. Since year 2000, he has been an Assistant Professor at LLU

where he conducts research and seminars.

DR. PROUSSAEFS has received formal training in all forms of sedation since 1997. Part of his residence program at LLU included full time training in general anesthesia. He has been providing dental care for patients under I.V. (moderate) sedation or oral (minimal) sedation having completed thousands of cases. Having tremendous exposure in sedating patients over the years, his seminars will be focused on SAFETY, and in particular airway management, patient monitoring, and handling emergencies. The course involves lecturing, hands-on practicing on a mannequin, and real patient experience. The discussion with the instructor will focus on sharing the instructor's 20 years' experience in sedating dental patients.

www.DentalOralSedation.com
(805) 676-1063 Fax (805) 676-1521

The big TEN reasons to attend the course:

1. Expand your practice/patient base by offering oral sedation for adults
2. Increase productivity, do not lose the fearful adult patient
3. Perform dental work in fewer appointments
4. Perform longer treatment sessions comfortably
5. Will teach you SAFE guidelines for oral sedation for adults
6. LIVE patient demonstration
7. Experienced instructor who has been administering various forms of sedation for over 20 years
8. California Dental Board approved course
9. Dedicated teaching facility with observation window from the classroom to the operatory
10. A single case acceptance will pay for the course

Located in the beautiful city of Ventura by the ocean.
