

The logo features the text "XCEL SEMINARS" in a bold, black, sans-serif font, centered within a yellow oval. This oval is framed by a thick, yellow rope with a black outline, which is coiled into a rectangular shape with rounded corners. The rope has frayed ends at the top. The entire design is set against a solid brown background.

# **XCEL SEMINARS**

# 12th Annual Comprehensive Dental Skills Series

Four Points Sheraton San Jose

**March 26: Providing Optimal Care Using Nature's Best Restorative Material-Tooth Structure!** *Dr. Richard Young is an Associate Professor at Loma Linda University. He lectures on advanced minimally invasive, tooth preserving or "Biomimetic" dentistry*

**April 30: Oral Medicine for the General Practitioner** *Dr. Patrick Quaranta was a former clinical and full time professor of Oral Medicine at UMDNJ-New Jersey Dental School.*

**May 21: OSHA, Infection Control & the California Dental Practice Act PLUS New Economics of Dentistry!** *Noel Brandon-Kelsch, RDH, uses her unique humor and cutting edge information to present tough subject matter in an interesting way. She is the infection control columnist for RDH magazine, a syndicated newspaper columnist and has been featured on Disney Radio & ESPN. Pat Wood, Partner at Wood & Delgado is an expert on the Dental Practice Act and Dental Transitions.*

**June 25: Modern Endodontics with Better Access and Dentine Conservation** *Dr. Eric Herbranson has been practicing and teaching as a clinical professor for over 20 years, lecturing on endodontics & the integration of new technology in dentistry.*

**Aug. 13 Esthetic Pediatric Dentistry & Treating Trauma** *Dr. Mark Cannon is Pedodontic Diplomate and Professor at Northwestern University who has worked on the cutting edge of teaching the newest and best dental care for children*

**Four Points Sheraton San Jose 1471 N 4th St, San Jose, CA 95112 (408) 452-0200**  
(Minutes from 680 & 101 Fwys)

**ALL COURSES ARE ON SUNDAYS & 7 CA & AGD CEs EACH**

**\$179 EACH OR  
THE ENTIRE 5 COURSE SERIES  
(35 CA & AGD CEs) FOR ONLY \$549**

**BONUS  
HANDS-ON  
COURSE:  
ONLY  
\$299**

**July 23, 2017 Hands-on Oral Surgery & Setting the Stage for Optimal Ridge Preservation**  
*Dr. Ron Wang has received extensive training in oral and periodontal surgery, implants and fixed prosthetics.*

## COURSE TOPICS

**Minimally Invasive, Biomimetic Dentistry:** *Materials & techniques have improved dramatically yet are not being used in most dental practices. This course teaches, via step-by-step images and videos of many clinical cases, how to simply perform advanced adhesion dentistry on a daily basis, while eliminating post-op pain & increasing restoration longevity. Topics include:* IDS (Immediate Dentin Sealing)- "THE most important advancement in adhesion dentistry" that doubles direct restoration dentin bond strengths and quadruples indirect restoration strength ♦ Creating low stress, high bond strength composites-Hint: it's all in how you place it ♦ Repairing anterior pediatric trauma ♦ Preserve & repair geriatric dentition ♦ New, simple and durable techniques for desensitizing

**Oral Medicine for GPs:** *This course gives dentists the tools to diagnose abnormal and pathological conditions within the mouth. Using clinical pictures and x-ray imaging and by teaching diagnostic process and differential diagnosis (DiffDx), the course addresses systemic health conditions manifesting as oral changes and also possible treatment of oral conditions, including:* What a lesion looks like, the general concepts of diagnostics and value of patient histories ♦ Appropriate communication with other doctors ♦ Review common lesions including, candidiasis, frictional hyperkeratosis, lichen planus, auto-immune diseases manifested in the mouth, aphthous ulcers, hemangiomas, hematomas and ecchymosis, HSV 1, HPV and other viral lesions, oral cancers and radiographic lesions

**OSHA, Infection Control and the CA Dental Practice Act:** *This course will not only entertain you and your staff but will enable attendees to meet license renewal requirements and state and federal requirements for OSHA Bloodborne Pathogen training, and infection Control with Noel Kelsch. The California Dental Practice Act segment with Pat Wood will include:* basic requirements of the Dental Board, how to avoid Dental Board problems AND Present actual case studies of dentists subjected to Board discipline PLUS he will present a Bonus Course **New Economics of Dentistry:** *Whether you own or plan to own a dental practice, this bonus segment is for you! Subjects include:* ♦ current trends in associate positions ♦ corporate vs. private practices ♦ Lease issues affecting practice ownership ♦ dissecting the Associate Position ♦ compensation structures ♦ proper vs. improper models ♦ reviews the differences between employee vs. independent contractor

**Modern Endo:** *This lecture addresses endodontic problems and how new concepts in access design, dentine conservation, and file techniques can remedy these problems, including:* How anatomic danger zones and tooth anatomy effect rotary file design selection and techniques and how root canal file techniques can compensate ♦ Current, pertinent, and professional literature fundamental to successful endodontics, including - access, rotary file design, instrumentation techniques, and various obturation options. ♦ Specialist knowledge and understanding of how various procedures and dentin conservation techniques contribute to a predictable, reproducible therapy which enhances the long-term prognosis of the tooth.

**Hands-on Intro to Oral Surgery and Ridge Preservation (this course on pig's jaws is not included in the series and is an additional fee):** *This comprehensive program will show hands-on surgical extractions and socket grafting. Topics Include:* Gain a greater appreciation for diagnosis and assessment of tooth root anatomy and alveolar shape and form ♦ Understanding the socket anatomy based treatment algorithm ♦ Understand how to treatment plan in the best way to reach the desired outcome ♦ Learn the principles of minimally traumatic tooth extraction ♦ Gain an understanding of the biology of ridge resorption after extraction of a tooth ♦ Learn about the biofunctionality of biomaterials and its influence on extraction socket healing ♦ (HANDS-ON) Practice important techniques for minimally invasive tooth extraction plus preparing and placing biomaterials to achieve optimal ridge preservation

**Esthetic Pedo and Treating Trauma:** *This presentation will discuss all aspects of Esthetic Pediatric Dentistry for the demanding patient and parent! Specifically; anterior and posterior composites, esthetic crowns (zirconium and IPS e.max), tissue regeneration, laser therapy, preventive and interceptive orthodontics, esthetic space maintainers, and, of course, behavior management. Dr. Cannon will also provide a comprehensive review of preventive dentistry, using the latest in probiotic therapy and the latest in microbiome research.*

TUITION	5 COURSE SERIES MEMBERSHIP	EACH INDIVIDUAL COURSE
