COURSE TOPICS

Oral Medicine for GPs: *This course gives dentists the tools to diagnose abnormal and pathological conditions within the mouth. Using clinical pictures and x-ray imaging and by teaching diagnostic process and differential diagnosis (DiffDx), the course addresses systemic health conditions manifesting as oral changes and also possible treatment of oral conditions, including:* What a lesion looks like, the general concepts of diagnostics and value of patient histories ♦ Appropriate communication with other doctors ♦ Review common lesions including, candidiasis, frictional hyperkeratosis, lichen planus, auto-immune diseases manifested in the mouth, aphthous ulcers, hemangiomas, hematomas and ecchymosis, HSV 1, HPV and other viral lesions, oral cancers and radiographic lesions

OSHA, Infection Control and the CA Dental Practice Act: *This course will not only entertain you and your staff but will enable attendees to meet license renewal requirements and state and federal requirements for OSHA Bloodborne Pathogen training, and infection Control with Noel Kelsch. The California Dental Practice Act segment with Pat Wood will include:* basic requirements of the Dental Board, how to avoid Dental Board problems AND Present actual case studies of dentists subjected to Board discipline PLUS he will present a Bonus Course **New Economics of Dentistry:** *Whether you own or plan to own a dental practice, this bonus segment is for you! Subjects include:* ♦ current trends in associate positions ♦ corporate vs. private practices ♦ Lease issues affecting practice ownership ♦ dissecting the Associate Position ♦ compensation structures ♦ proper vs. improper models ♦ reviews the differences between employee vs. independent contractor

Modern Endo: *This lecture addresses endodontic problems and how new concepts in access design, dentine conservation, and file techniques can remedy these problems, including:* How anatomic danger zones and tooth anatomy effect rotary file design selection and techniques and how root canal file techniques can compensate ♦ Current, pertinent, and professional literature fundamental to successful endodontics, including - access, rotary file design, instrumentation techniques, and various obturation options. ♦ Specialist knowledge and understanding of how various procedures and dentin conservation techniques contribute to a predictable, reproducible therapy which enhances the long-term prognosis of the tooth.

Hands-on Intro to Oral Surgery and Ridge Preservation: *This comprehensive program will show hands-on surgical extractions and socket grafting. Topics Include:* Gain a greater appreciation for diagnosis and assessment of tooth root anatomy and alveolar shape and form ♦ Understanding the socket anatomy based treatment algorithm ♦ Understand how to treatment plan in the best way to reach the desired outcome ♦ Learn the principles of minimally traumatic tooth extraction ♦ Gain an understanding of the biology of ridge resorption after extraction of a tooth ♦ Learn about the biofunctionality of biomaterials and its influence on extraction socket healing ♦ (HANDS-ON) Practice important techniques for minimally invasive tooth extraction plus preparing and placing biomaterials to achieve optimal ridge preservation

Esthetic Peds and Treating Trauma: This presentation will discuss all aspects of Esthetic Pediatric Dentistry for the demanding patient and parent! Specifically; anterior and posterior composites, esthetic crowns (zirconium and IPS e.max), tissue regeneration, laser therapy, preventive and interceptive orthodontics, esthetic space maintainers, and, of course, behavior management. Dr. Cannon will also provide a comprehensive review of preventive dentistry, using the latest in probiotic therapy and the latest in microbiome research.

The logo features the word "DENTOX" in a bold, black, sans-serif font, centered within a yellow oval. This oval is surrounded by a thick, yellow rope border that forms a rectangular frame with rounded corners. The rope has a detailed braided texture and is set against a solid brown background. At the top center of the rope border, there is a small knot or loop.
