DR. KIANOR SHAH

DMD, MBA, DICOI

Our Co-Founder, Dr. Kianor Shah, is a dentist from Southern CA and has been a traveling care provider since 2007. He is passionate about meeting and providing surgical services to his colleagues. Having performed more than 20,000 wisdom tooth extractions and 5000+ dental implant, he has had the privilege of working with countless dentists and anesthesiology professionals.

Prior to the scheduled treatment date, Dr. Shah will coordinate pre-clinical preparation, radiography options and study, medical review, consents procedures, room and tray setups, necessary supplies and materials, post-operative instructions, complications and emergency management with the staff and doctor of the practice to create an extraordinary patient experience.

Dr. Shah's credentials:

Diplomate: International Congress of Oral Implantologists (DICOI): 2016

Master of Business Administration (MBA) - International Business, 2016
Brandman University, Irvine, California

Founder and Faculty Member: Extraction Academy, September, 2015

Master: International Congress of Oral Implantologists (MICOI): 2012

Fellow: California Implant Institute (FCII): 2012

Fellow: International Academy of Dental-Facial Esthetics (FIADFE): 2012

Fellow: International Congress of Oral Implantologists (FICOI): 2012

Doctor of Medical Dentistry (DMD), 2006
Southern Illinois University School of Dental Medicine, Alton, Illinois

Bachelor of Science (BS), 2000
Western Illinois University, Macomb, Illinois

DR. MARJON B. JAHROMI

DDS

Our Co-Founder, Dr. Marjon Jahromi, has been a practicing dentist anesthesiologist in Southern California since 2003 and has performed thousands of anesthetic procedures during her professional career. She is experienced in providing anesthesia services in various settings including private offices, surgical centers, and hospitals.

She graduated from the prestigious University of Michigan School of Dentistry in Ann Arbor, MI in 2001 and completed her dental anesthesia residency at Loma Linda University Special Care Dentistry and Riverside County Regional Medical Center in 2003.

During her 11 years as an Assistant Professor and Attending Anesthesiologist in the Dental Anesthesia Department at Loma Linda University School of Dentistry, Dr. Jahromi treated a variety of complex medical and surgical cases. She is excellent at providing all levels of sedation and will customize the anesthesia to meet the unique needs of your patient so that you can focus on the surgical procedure, making the patient comfortable and relieving your stress as well.

Dr. Jahromi will provide safe and convenient anesthesia services in the comfort of your office. Intravenous sedation and/or general anesthesia will provide total relaxation, erase memory of the procedure and allow even the most anxious patients to be treated successfully. As part of your dental team, Dr. Jahromi will conduct a complete review of the patient's medical history, consulting with the patient's physician if necessary. She may even prescribe an oral sedative for extremely over-anxious patients.

On surgery day, she will provide all the necessary equipment to simulate an operating room in your dental office. She uses the most advanced, ultra-compact hospital grade monitors and anesthesia equipment. As a result, patients emerge from anesthesia quickly and are ready for discharge in less than 30 minutes feeling comfortable and pain-free.

The logo features the text "XCEL SEMINARS" in a bold, black, sans-serif font, centered within a yellow oval. This oval is framed by a thick, yellow rope with a black outline, which is coiled into a rectangular shape with rounded corners. The rope has frayed ends at the top. The entire design is set against a solid brown background.
