Over 120 Avvo® 5-star reviews!

Bob is easy to get a hold of and he was instrumental in me getting the best terms possible in this transaction. He is very knowledgeable about the law for dental transitions and a smart negotiator on behalf of his clients. He also charges a fair fee for the amount of work that he does. I am very happy for the service that he provided and could have not done it without his help.

ASK THE BROKER

As the year comes to a close...

As we approach the end of the year, interestingly enough, it is still a "seller's market" out there. Having said that, practices in the smaller, rural areas still take more time to sell and "facility-only opportunities without patients" are not moving as well as they had in the pre-economic shake-up, even in the larger urban markets. At some point in the next few years, hopefully sooner than later, we do expect a large increase of inventory as the baby boomers who graduated in the late 70's and early 80's will finally retire. I believe we are just starting to see a more normalized market and sellers who have been hanging on are finally starting to decide to hang up their drills.

Here is my year end advice for Sellers

If your practice is currently on the market or you are contemplating selling your practice next year, **finish the year strong!!** Lenders and Buyers value your practice almost exclusively on the most current year-end P&L. Try **not** to take too much time away from the office until January. Make all of your December bank deposits on time and try to have them posted **before** January, as opposed to some accountant's advice for you to wait until January so that the tax burden is delayed for a year. If you are currently in contract, most accountants will again advise their sellers to close in January. If you are thinking of selling next year, begin the process to put your practice in tip-top condition with strong financials and "ready to market curb appeal" in mid-to-late January, which is traditionally the busiest time of the year for buyers coming into the market!

Here is my year end advice to Buyers

If you are frustrated searching for the right opportunity, we are expecting a healthy surge in listings and our inventory sometime soon. I expect that this activity will continue to increase. Sellers who have been holding on may decide that it is finally time to retire next year as they probably realize that taxes and expenses will only increase in the future. Their investment portfolios should have rebounded from the 2008 crisis and hopefully they can now consider retirement on their own terms!

Again, I wish you much success and continued prosperity for the years ahead and a safe and happy holiday season with the people you care about.

"Cecilia helped me and my husband to sell his dental practice during a difficult time in our family. She always made herself available to answer our questions, sometimes working until middle of the night to make sure everything was current, updated and taken care of. We were greatly impressed with her knowledge, advice and professionalism. I highly recommend Cecilia."

— Rina and Frank Woo, DDS

"I was recommended to Cecilia to represent me in buying a dental practice. I am a first time buyer and am not at all familiar with the process. Cecilia took the time to answer each and every one of my questions, often within the same hour. She is extremely accessible and great to work with. She went to the bat for me on many issues and went out of her way to make sure that my investment is protected. Her fees are very competitive and reasonable. In fact, her fees were entirely covered with a 3-months rent abatement that she had went out of her way to negotiate for me in a lease assignment. I highly recommend her and thank her for her efforts to me now becoming a proud first time practice owner."

DISABILITY INSURANCE CLAIM ADVICE

ART FRIES

Here when You Need Me

*An illness or injury can strike you at any time. Do you have adequate disability coverage? The time to find out is **before you need disability**. Since 1995 I have been guiding dentists like you through the maze of disability insurance...from reviewing your coverage to actual claim filings. My job is to walk you past the landmines and **ensure you receive all the benefits** you are entitled to.*

January 3, 2017
Art Fries
917 Jordan Court
Nipomo, CA 93444-6625

I am writing to attest to what an asset Art Fries has been to my disability process. I am a 55 year old dentist who, due to cervical spinal stenosis, lost feeling in my right hand. Art was recommended by my accountant and has been invaluable throughout the entire process.

When I initially hired Art he evaluated my disability policy and reviewed the coverage with me, making sure I fully understood my benefits and any possible loopholes. When it came time to file my claim he had specific ideas and examples on how to go about that, from the application itself to medical reports to detailed narratives. I feel some of his recommendations, especially the added narrative, made acceptance of my claim more straightforward than it possibly could have been. Art reads and reviews everything one submits to the insurance company prior to doing so. His critique of the application and his availability for any questions along the way, brought much comfort and decreased my uncertainty. After being in this business for many years, Art knows what the insurance companies are looking for and has great advice on the appropriate verbal terms to use to be successful.

Going on disability and filing for benefits is an intimidating and stressful process. I felt the insurance company was not working with me, but against me. Having Art on your side gives you an advocate and someone extremely knowledgeable to turn to during an uncertain time. Art has your back through the entire process! Not only that, but he has filing for disability down to a science, one that is thorough and successful.

Sincerely,
DDS (Doctor's name withheld by request)

*Whether you want peace of mind knowing your disability coverage is sufficient to meet your needs, need to file a partial or full disability claim or are struggling with an existing claim, please call me for a complimentary consultation. The other side may be shadowing you with video surveillance, progress reports and other tools designed to reduce or eliminate your monthly benefits. Call or e-mail me for a **FREE** copy of my book, "**Preparing For Battle**"...a complete guide to the ISSUES related to a disability claim.*

ProCare dental services

ProCare replaces standard insurance programs with a better solution for everyone. We are proud to introduce the best program available for the millions of dentists & patients who are unsatisfied with the current dental plan options.

Be part of the
dental revolution

ProCare is not an insurance company – instead it helps licensed group benefits providers design unique, superior dental plans. Dentists providing care under ProCare designed plans will see major changes in their quality of life, and that of the patient's treated.

Key benefits for the dentist & patient

Add \$300k plus annually to your practice as a solo provider

No exclusions on procedures including implants, cosmetics and orthodontics

No claims to file on ProCare patients

Patient benefits are at least \$5k/yr and most plans are UNLIMITED

ProCare is for you IF

You're tired of dental insurance, claim forms, delayed claims, denied claims, lost claims, exclusions and discounted fees.

You're interested in making an additional \$300K to \$1M+ at your usual and customary cash fees.

You want to increase your practice valuation 5-10x.

You don't want to pay \$100+ for dental leads with no guarantee the patient will ever show up for dental work.

Join us today

Thousands of dentists have enrolled and millions of patients are scheduled to start receiving ProCare benefits from a ProCare Dentist in the next few months.

We have openings in many cities throughout the US, including rural areas. However, we expect to reach full capacity by December 1, 2017.

You know the benefits due the early bird. Openings may not be available subsequent to December 1, 2017.

DDS Rank Doubled Our Website Traffic

“Just out of curiosity, I tried the free automated website evaluation from DDS Rank. I instantly got a highly detailed report showing our site’s strengths and weaknesses. I don’t speak “BI-NARY” and some of it was jargon was “over my head” so I contacted the company and was amazed to learn that the “corrections” would not entail lots of expensive blogging, social site

activity, uploading of videos, adding secondary websites and paying for Google ads (like most SEO companies recommend). Instead DDS Rank recommended a half dozen programming changes to our website. I forwarded their instructions to our webmaster (this was mid-April 2016) and was told to give it six months to take effect. Look at our server logs now!

Almost 6 months to the day we saw a 33% increase in traffic and it continued to climb consistently. After eight months our monthly traffic is up nearly 2.5 fold! From an average of 10,000 visitors to 25,000 visitors a month. That’s doing NOTHING but changing some basic stuff on our website to make us more search engine-friendly. In fact, the revisions were so simple to implement, our webmaster didn’t even charge us for them.

I am not in the habit of endorsing our advertisers and personally believe most SEO companies are selling snake oil but I cannot argue with server log stats. If you haven’t tried the free automated website review well, it may be costing you money. DDS Rank never tried to sell us anything...we came to them and the results speak for themselves. I am still in shock.”

Happy Buyers make Happy Sellers

"I purchased a \$1 Million/year practice through PPS. Ray was honest, and his reporting and presentation were extremely accurate. I found other agents misrepresented the practices they were selling, nor did they consider if a buyer was appropriate as they wanted to close the deal. Ray was interested in the right fit. He conducted the transaction in a manner that was beneficial to all. I am very pleased with the practice I acquired from Ray."

Lakshmy Sudeep, DDS, San Jose

"After years of looking, I have my practice. I investigated opportunities through private sellers and other firms. The practices I investigated through PPS were the most transparent in their presentation and the due diligence performed mirrored the offering packages. I did not find this to be the case with others I investigated. Even though Ray represented the seller, he made sure I had all of the information needed to make my decision. There have been no surprises. I am very pleased and enjoy a busy practice."

Gagan Kohli, DDS, Newark

"Ray, you were keen to match me with the "right" practice. You discouraged me from purchasing a practice you had for sale because you felt it didn't fit me. While other agents were force-feeding practices on me, you searched for the appropriate one. When this practice came on the market, you contacted me. You told me that you had the one I was looking for. You were absolutely right!"

Joel Boriskin, DDS

"When it comes to buying a dental practice, you have so many doubts and uncertainties. But working with the right people makes it an easier task. I purchased a practice which Ray Irving listed and the details he put into the Prospectus were amazing. He is such a great professional and always gives you his honest opinion. I believe if you are buying a dental practice listed by Ray, half of your anxiety should be gone already. It's such a pleasure working with him, performing the due diligence, resolving the Letter of Intent, securing financing, going through escrow, the closing and even after the closing. He takes care of both the seller and the buyer. If I am selling a practice in the near future, I will not think twice and will immediately call Ray."

Professional Practice Sales Celebrates Fifty-Two Years Selling California Dental Practices

How is this possible?

PPS is not a Fortune 500 Company.

PPS is not owned by Dentists.

PPS is certainly not the largest brokerage.

Very simple.

It is about having the time and attention
to properly devote to each engagement.

When you place your practice "For Sale",
you will feel vulnerable. To assist you during this
anxious period, you need to feel secure knowing
that the requisite care and attention is being
implemented so you can make the proper decisions.

And you expect to be properly protected!

It is PPS' focus, our attention to details,
properly preparing our Client for this unique
journey, preparing the best practice presentation,
assembling a complete "tool box" before going to
market, implementing the necessary risk
management application to properly protect our
Client and expertly papering the transaction
which separates PPS from others.

We clearly understand that our reputation
hinges on each engagement.

***PPS does not wish to be the biggest.
We simply strive to be the best!***
