

PINHOLE SURGICAL TECHNIQUE

Look at these cool cases! Take the Pinhole course now!

Sal Gaytan, Director

Pinhole® is fast becoming the #1 option to treat gum recession because its **scalpel-free, suture-free & graft free**. Special patented instruments gently loosens tissue and allows it to drape over the recession.

Then collagen strips are strategically placed to stabilize the flap until the tissue reattaches to bone.

Special offer to register now! OR Join us for our upcoming live intro Pinhole® training webinar on April 18th. Register for webinar at PinholeLive.com.

\$6,500 tuition for 2-day cadaver training (Special offer ends 4-30-2018) includes;

- 1. Bring 4 non-doctor staff at no charge (\$4,000 value)**
- 2. FREE - 2 nights hotel at the Marriot for doctor (\$400 value)**
- 3. FREE - 200 glossy Pinhole patient brochures (\$85 value)**

13th Annual Comprehensive Dental Skills Series

Knott's Berry Farm Resort Hotel

June 3, 2018: Potpourri of Prosthodontic Gems-From Treatment Planning to Final Treatment *Dr. M Reed Cone is both a CDT and Prosthodontist who loves to teach GPs all aspects of removable and fixed prosthodontics via his fun and refreshing case study method, including successes and his case failures!*

June 24: Biomimetic Dentistry: A Paradigm Shift *Dr. Randall G. Cohen is a full time practicing restorative dentist, an Instructor with the Alleman-Deliperi Center for Biomimetic Dentistry, and has published and lectured on adhesive dentistry.*

July 15: Implementing a Successful Sleep Apnea Program in your Practice (8AM-5PM and 8CE Units) *Dr. Marty Lipsey received his DDS degree from UCLA and a Master of Science from Northwestern University Dental School. Dr. Lipsey lectures nationally on dental sleepmedicine from diagnosis, treatment to medical billing and is a full time advocate for sleep health treatments for the dental team.*

Aug. 5: OSHA, Infection Control & the California Dental Practice Act PLUS How to Grow Manage & Protect your Practice *Noel Brandon-Kelsch, RDH, uses her unique humor and cutting edge information to present tough subject matter in an interesting way. She is the infection control columnist for RDH magazine, a syndicated newspaper columnist and has been featured on Disney Radio & ESPN. Pat Wood, Partner at Wood & Delgado is an expert on the Dental Practice Act and Dental Transitions.*

Aug. 26: A Comprehensive Review of Pediatric Dentistry for GPs and Staff *Dr. Lance Kisby has practiced & taught for 35 years, started two pedo residency programs and edited the Journal of Pediatric Dentistry.*

Knott's Berry Farm Resort Hotel, 7675 Crescent Ave, Buena Park, CA
(Beach Blvd. exit of the 5, 405 & 91 Fwys)

ALL COURSES ARE ON SUNDAYS (8AM-4PM) AND 7 CA CEs EACH
\$149 PER LECTURE, \$299 FOR THE INTRO TO
SLEEP APNEA OR THE ENTIRE 5 COURSE
SERIES (36 CA & AGD CES) FOR ONLY \$549!

COURSE TOPICS

Prosthodontic Gems: Treatment planning, designing and executing complex restorative and esthetic cases, especially those involving implants, dentures & fixed prosthodontics are daunting. This course will guide you step-by-step how to have success creating dentures, restoring implants and complex restorative cases, showing you many practical clinical "gems" via numerous successful and failed cases, to improve your removable and fixed prosthodontic skills.

Biomimetic Dentistry: Dentistry is undergoing a paradigm shift in restoring teeth, moving away from full crowns to multi-component restorations where the clinician uses adhesive dentistry to replicate the biomechanics of the intact tooth. This movement has been termed "Biomimetic Dentistry." Dr. Cohen reviews the fundamentals of this shift and shows step-by-step, from start-to-finish how to create biomimetic treatment plans and securely bonded, fail safe restorations that avoid the downsides of full cut-down crowns.

Implementing a Successful Sleep Apnea Program in your Practice (8AM-5PM and 8CE Units): This seminar will outline the devastating effects of sleep apnea and how dentists are part of the solution. Learn screening, testing, and treatment techniques to maximize the value of services you provide to your patients. We will also walk through some of the challenges faced when implementing a sleep program into your practice and discuss the intricacies of medical billing and keeping your team engaged.

OSHA, Infection Control and the CA Dental Practice Act: This course will not only entertain you and your staff but will enable attendees to meet license renewal requirements and state and federal requirements for OSHA Bloodborne Pathogen training, and infection Control with Noel Kelsch. The California Dental Practice Act segment will include: Basic requirements of the Dental Board, how to avoid Dental Board problems AND Present actual case studies of dentists subjected to Board discipline. **PLUS a Bonus Course-How to Grow, Manage and Protect Your Practice:** Whether you own dental practice or are an associate, this bonus segment is for you!

Comprehensive Review of Pediatric Dentistry: *This class is meant to make seeing children easier and more enjoyable for your staff. Topics include:* Pediatric oral pathology its treatment and prevention ♦ Prevention and factors contributing to caries ♦ Eruption problems and proper treatment Latest indications and the steps for a pulpotomy vs Indirect Pulp Cap ♦ Dental trauma and its treatment follow up protocol ♦ Slot Preps and latest types of accepted dental materials in primary and permanent teeth ♦ The final topic will review and discuss the contemporary concepts in the biology, management, treatment, and prevention of traumatic injuries
