Package includes:

1 **MEDIT** i-500 Intra Oral Scanner

High ROI

The design and soft ware allow for an unparalleled performance with a very competitive price.

Vast Flexibility

The i500 uses an open CAD/CAM system, allowing you to export STL files.

Impressive Speed

Using two high-speed cameras, the i500 scans quickly and efficiently.

Powderless

The i500 has no need for the use of powder for regular cases, making the experience more convenient and comfortable for the patient.

Small Tip

The small tip on the i500 is beneficial for both the user and the patient through simpler maneuver ability and improved patient comfort.

Video Type

With the i500, there is no need to worry about choppy results, as it takes rapid video - based scans.

Color

The i500 scanner produces precise-colored scans which can distinguish between soft tissue, plaque and teeth.
