The logo features the text "XCEL SEMINARS" in a bold, black, sans-serif font, centered within a yellow oval. This oval is framed by a thick, yellow rope with a black outline, which is coiled into a rectangular shape with rounded corners. The rope has frayed ends at the top. The entire design is set against a solid brown background.

XCEL SEMINARS

16th Annual Comprehensive Dental Skills Series

Sheraton San Jose Hotel

June 30, 2019: The Indirect Restorative Solution: A Strategic Guide-line from Preparation to Final Seat, *Dr. Sam Simos was a clinical instructor at the Las Vegas Institute and lectures extensively on cosmetic dentistry.*

July 28: Hands-on Oral Surgery & Setting the Stage for Optimal Ridge Preservation *Dr. Ron Wang has received extensive training in oral and periodontal surgery, implants and fixed prosthetics.*

Aug. 18: Trends in Minimally Invasive Pediatric Dentistry *Dr. Jeanette MacLean is a Diplomate of the American Board of Pediatric Dentistry, a recommended speaker of the American Academy of Pediatric Dentistry's Speakers Bureau, internationally recommended as an expert and advocate for silver diamine fluoride (SDF) and minimally invasive dentistry.*

Sep. 15: Simplified Dentures & Mini-Implants. *Dr. Raymond Choi was an Associate Professor at USC, a Fellow of the ICOI, an Associate Fellow of the AAID. He founded the Global Mini Implant Institute in 2007 so he could help other dentists offer these revolutionary treatments.*

Oct. 6: OSHA, Infection Control & the California Dental Practice Act PLUS Using Cutting Edge CAMBRA Protocols to Build Your Practice! *Carrie Ibbetson, RDH, uses her unique humor and cutting edge information to present tough subject matter in an interesting way.*

Sheraton San Jose Hotel 1801 Barber Lane, Milpitas, CA (408) 943-0600
(Minutes from 880, 237, 680 & 101 Fwys)

ALL COURSES ARE ON SUNDAYS & 7 CA & AGD CEs EACH
\$195 FOR EACH LECTURE, \$399 FOR HANDS-ON
ORAL SURGERY OR THE ENTIRE 5 COURSE
SERIES (35 CA & AGD CEs) FOR ONLY \$699

COURSE SERIES
SPONSORED BY:

COURSE TOPICS

The Indirect Restorative Solution: *This dynamic course will walk you through the entire indirect restorative process and present systems, techniques and materials that ensures successful, long-term & predictable indirect restorations your patients will love you for, for years to come. Topics include:* Organizing indirect procedures to increase efficiency and ensure a predictable successful result every time ♦ Difference between cementing and bonding and what luting agents to use for different clinical situations ♦ Learn how to seat your case predictably in 15 minutes or less, with minor to no adjustments ♦ Master your impressions and take command of your case ♦ The secrets of management, and why you need to pay attention

Hands-on Intro to Oral Surgery and Ridge Preservation (this course on surgical models is included in the course series): *This comprehensive program will show hands-on surgical extractions and socket grafting. Topics Include:* Gain a greater appreciation for diagnosis and assessment of tooth root anatomy and alveolar shape and form ♦ Understanding the socket anatomy based treatment algorithm ♦ Understand how to treatment plan in the best way to reach the desired outcome ♦ Learn the principles of minimally traumatic tooth extraction ♦ Gain an understanding of the biology of ridge resorption after extraction of a tooth ♦ Learn about the biofunctionality of biomaterials and its influence on extraction socket healing ♦ (HANDS-ON) Practice important techniques for minimally invasive tooth extraction plus preparing and placing biomaterials to achieve optimal ridge preservation

Minimally Invasive Pedo: Learn how to restore cavities in a quick, effective, and painless way using Glass Ionomer Cement, stainless steel crowns, and SDF, known as Silver Modified Atraumatic Restorative Treatment (SMART) and the Hall Technique. Find out how offering minimally-invasive options like SDF, SMART, and Hall crowns can attract new patients, improve patient satisfaction, and increase internal marketing and word of mouth referrals to your practice. As an advocate for minimally invasive dentistry, she teaches three simple and painless options to manage enamel defects. MI Paste, ICON Resin Infiltration, and etch/bleach seal can improve or even completely reverse the appearance of congenital enamel defects and white spot lesions while preserving tooth structure and repairing the patient's natural enamel.

Simplified Dentures and Mini Dental Implants: *As the demand for implant overdentures grows, it is more important than ever that general dentists become proficient in complete denture concepts and techniques. Dentists who can offer high quality implants and denture services in less time, in less traumatic fashion and at a reasonable cost will be better positioned to grow their practice. Topics include:* Predictable and time-tested mini implant protocols for complete denture stabilization ♦ Case selection and case planning ♦ Simplified and practical denture concepts and techniques, easily incorporated into any practice ♦ New workflow that combines traditional procedures with digital tools for faster, better and more affordable denture fabrication

OSHA, Infection Control and the CA Dental Practice Act: *This course will not only entertain you and your staff but will enable attendees to meet license renewal requirements and state and federal requirements for OSHA Bloodborne Pathogen training, and infection Control with Carrie Ibbetson. The California Dental Practice Act segment will include:* Basic requirements of the Dental Board, how to avoid Dental Board problems AND Present actual case studies of dentists subjected to Board discipline. **PLUS a Bonus Course-Using Cutting Edge CAMBRA Protocols to Build Your Practice!**
