TRANSFORM YOUR PRACTICE

All-on-4® Dental Implant Solution Course

SAVE **\$1,000** with CODE **ERLYNRLLCRS1SEPT**

Upcoming Course Dates:

June 21 - 23, 2019 or Sept. 20 - 22, 2019

ACQUIRE THE NECESSARY SKILLS TO ATTRACT
AND COMPLETE FULL-ARCH DENTAL IMPLANT
CASES RANGING FROM \$20,000 - \$50,000.

*There are over 60 million people who need this
procedure and NOT enough doctors to perform it!*

Included in this course...

CLINICAL: The fundamentals of the All-on-4® treatment concept, the step-by-step All-on-4® didactic, treatment planning and care, live surgery, how the lab converts the hybrid, the hybrid delivery, how to manage complications, hands-on typodont, surgery, lab station AND restorative.

+ PLUS: Learn how to transform your marketing to make the phones ring. We will teach you the best advertising channels and how to speak to your potential patients through your ads, landing pages, and social media. We'll teach your team how to answer these calls, how to convert calls into patient exams, and finally how to sell these cases and change lives.

The logo features the text "XCEL SEMINARS" in a bold, black, sans-serif font, centered within a yellow oval. This oval is framed by a thick, yellow rope with a black outline, which is coiled into a rectangular shape with rounded corners. The rope has frayed ends at the top. The entire design is set against a solid brown background.

XCEL SEMINARS

15th Annual Comprehensive Dental Skills Series

Knott's Berry Farm Resort Hotel

June 23, 2019: Trends in Minimally Invasive Pediatric Dentistry *Dr. Jeanette MacLean is a Diplomate of the American Board of Pediatric Dentistry, a recommended speaker of the American Academy of Pediatric Dentistry's Speakers Bureau, internationally recommended as an expert and advocate for silver diamine flouride (SDF) and minimally invasive dentistry.*

July 28: Drilling Down- Best Practices for Moving from Basic to Superior Composites and Crowns *Dr. Dan Ward serves as editor of the ASDA Journal and is also is an Assistant Clinical Professor at The Ohio State University and in private practice in Columbus, Ohio.*

Aug. 11: Hands-on Pedito: Pulp Therapy, Pedito Restorations & Cutting Edge Anesthesia *Dr. Lance Kisby has practiced & taught for 35 years, started two pedito residency programs and edited the Journal of Pediatric Dentistry.*

Sep. 15: Innovations in Minimally Invasive Bioceramic Materials & Procedures, With Hands-on Demo! *Dr. Robert Salehrabi is back by popular demand for this brand new topic! He maintains a private practice, is an Associate Professor of Clinical Endodontics at USC and a recommended speaker of the American Association of Endodontists.*

Knott's Berry Farm Resort Hotel, 7675 Crescent Ave, Buena Park, CA
(Beach Blvd. exit of the 5, 405 & 91 Fwys)

ALL COURSES ARE ON SUNDAYS (8AM-4PM) AND 7 CA CEs EACH
\$149 FOR EACH LECTURE, \$399 FOR
HANDS-ON PEDO OR THE ENTIRE 4 COURSE
SERIES (28 CA & AGD CEs) FOR ONLY \$549

COURSE SERIES

COURSE TOPICS

Minimally Invasive Pedo: Learn how to restore cavities in a quick, effective, and painless way using Glass Ionomer Cement, stainless steel crowns, and SDF, known as Silver Modified Atraumatic Restorative Treatment (SMART) and the Hall Technique. Find out how offering minimally-invasive options like SDF, SMART, and Hall crowns can attract new patients, improve patient satisfaction, and increase internal marketing and word of mouth referrals to your practice. As an advocate for minimally invasive dentistry, she teaches three simple and painless options to manage enamel defects. MI Paste, ICON Resin Infiltration, and etch/bleach seal can improve or even completely reverse the appearance of congenital enamel defects and white spot lesions while preserving tooth structure and repairing the patient's natural enamel.

Drilling Down- Best Practices Composites & Crowns: *Bioactive, Universal, Hybrid, Nano-technology, Bulk-fill and Monolithic are all terms being thrown out to describe the latest direct restorative materials. But what do they mean, do they really work and how do they simplify and improve treatment? Understand the scientific as well as clinical advances of these new materials beyond all the hype, including:* The shift away from metal supported to all-ceramic crowns, caused immense confusion of which ceramic to use; monolithic or layered, pressable or milled, cementable or bonded? Factors considered include strength, translucency, esthetic expectations and ease of cementation. Patient communication is vital. Learn how to select the best crown for each situation and perform proper cementation/bonding protocols.

Hands-on Pedo (this course IS INCLUDED in the series): *This course will cover the common pulp therapy issues in primary teeth, current concepts in materials, minimally invasive dentistry (MID) and anesthesia break-throughs, in Pediatric Dentistry. The topic of pulp therapy will include Biodentine pulpotomies, indirect pulp caps with GIC and the restorative component will discuss new composites and their application in pulp therapy as well as in the slot prep and SDF used as part of the SMART technique. Learn how to minimize a child's disruptive behavior and your stress during anesthesia administration. Attendees will Perform Hands-on:* Class I Biodentine pulpotomy restored with GIC ♦ Class II slot prep restored with GIC using a Matrix system ♦ Proper technique and placement of Silver Diamine Fluoride ♦ On a proprietary typodont, anesthetize a single tooth with efficacy, safety, and comfort, but without producing collateral numbness and possible injury to a child's lips or tongue

Bioceramic Innovations: This course will explore the characteristics of the biomimetic, minimally invasive treatment options and how they can be incorporated into daily practice. Clinical cases where deep caries or pulp exposures could be predictably treated without the need for endodontic treatment will be presented. Attendees will learn how to repair teeth and lessen sensitivity, use bioactive materials to strengthen teeth and reduce restorative failure and how to protect and prolong pulp vitality. A hands-on demonstration is included, giving you a chance to work with innovative products backed by scientific research with excellent outcomes

TUITION	4 COURSE SERIES	EACH INDIVIDUAL COURSE
More than 14 days before an event	Dentist: \$549, Staff: \$299	Lecture Dentist: \$149, Staff: \$129 \$399 for Hands-on Pedo course
Less than 14 days before an event	Dentist: \$569, Staff: \$319	Lecture Dentist: \$169, Staff: \$149 \$419 for Hands-on Pedo course

Fees include continental breakfast, CE credits and free hotel parking. Registration is at 7:30am, courses are 8am-3:30pm. It is an extra \$20 fee for all on-site and walk-in registrations.
