

The logo features the text "XCEL SEMINARS" in a bold, black, sans-serif font, centered within a yellow oval. This oval is framed by a thick, yellow rope with a black outline, which is coiled into a rectangular shape with rounded corners. The rope has frayed ends at the top. The entire design is set against a solid brown background.

XCEL SEMINARS

COURSE TOPICS

Hands-on Pedo (this course IS INCLUDED in the series): *This course will cover the common pulp therapy issues in primary teeth, current concepts in materials, minimally invasive dentistry (MID) and anesthesia break-throughs, in Pediatric Dentistry. The topic of pulp therapy will include Biodentine pulpotomies, indirect pulp caps with GIC and the restorative component will discuss new composites and their application in pulp therapy as well as in the slot prep and SDF used as part of the SMART technique. Learn how to minimize a child's disruptive behavior and your stress during anesthesia administration. Attendees will Perform Hands-on:* Class I Biodentine pulpotomy restored with GIC ♦ Class II slot prep restored with GIC using a Matrix system ♦ Proper technique and placement of Silver Diamine Fluoride ♦ On a proprietary typodont, anesthetize a single tooth with efficacy, safety, and comfort, but without producing collateral numbness and possible injury to a child's lips or tongue

Intro to Dental Sleep Medicine (8 CE Units): *This course is intended to provide a comprehensive overview of diagnosis and treatment of sleep apnea cases for dentists interested in adding this growth area to their practices. Dr. Veis will cover all aspects diagnosis and the sleep study, deciding which appliances to use for treatment, measuring and fitting the appliances, interacting with the fabricating lab, and how to manage the billings to medical insurance, including:* Provide an understanding of the scope of the problem and why we need to be at the front lines in its recognition and treatment. ♦ Talk the talk and walk the walk... definitions and terms needed to understand the problem and communicate with your peers. ♦ Learn how to screen every patient in your practice regardless of their age. ♦ The Who, What, When, Where and How of getting a Diagnosis ♦ Overview of treatment possibilities ♦ How to do a thorough exam and why it's critical to choosing the best treatment option ♦ Achieve an understanding of sleep appliances ♦ Working in a team approach and staying within the scope of your practice act ♦ Integrating sleep into your practice...a medical model in a dental practice ♦ Getting paid...services to take care of the medical billing

Bioceramic Innovations (Please note: The Sept. 13th Las Vegas event is a half-day 4CE version of this course): This course will explore the characteristics of the biomimetic, minimally invasive treatment options and how they can be incorporated into daily practice. Clinical cases where deep caries or pulp exposures could be predictably treated without the need for endodontic treatment will be presented. Attendees will learn how to repair teeth and lessen sensitivity, use bioactive materials to strengthen teeth and reduce restorative failure and how to protect and prolong pulp vitality. A hands-on demonstration is included, giving you a chance to work with innovative products backed by scientific research with excellent outcomes

TUITION	3 COURSE SERIES	EACH INDIVIDUAL COURSE
More than 14 days before an event	Dentist: \$549, Staff: \$299	Lecture Dentist: \$149, Staff: \$129 \$399 for Hands-on Pedo course \$299 for 8CE Intro to Sleep Apnea 9/13 Vegas Lecture for \$99
