Over 140 5-star Avvo® reviews!

I asked for a full review of a potential buy in with another Oral Surgeon. Robert was so in depth with his review, he ended up finding potential loopholes that put me at risk and also an extensive look at the surgeons history which was not known to me. Needless to say what seemed like a great opportunity, could have turned into a potential nightmare for myself had it not been for his excellent advice. Not only was Robert's fees very reasonable, but saved me potentially years of heartache and countless dollars in the long term. For dental practice concerns Mr. Olson knows the business inside and out.

We did a survey... here's what our clients liked best about Dr. Kempler and Thomas & Fees Practice Sales:

- #1 - Your knowledge and know-how.** "Because you are a successfully retired dentist, you understand the differences between one practice and another. Most salespeople are clueless about dentistry."
- #2 - Your honesty.** "You told me the truth, and everything turned out just like you said."
- #3 - Personal attention.** "I liked dealing with you AND ONLY YOU! No frustrating and time-wasting calls with folks that didn't know anything about my situation or dentistry."

Matthew Skarin,
CPA, JD, CFLS

I am pleased, and proud, to announce that Matthew Skarin, CPA, JD, CFLS has decided to join Lee Skarin and Associates, Inc. Matthew will be the third generation of practice brokers with the company. He worked as a CPA and a Certified Family Law Specialist, he has extensive experience with complex financial transactions and negotiations. He has conducted many trials in family law matters in both State Court and the Appellate Courts. In a word, he is overqualified. However, as the heir apparent to the family business, he has made the decision to leave his former law firm and venture off on his own, enabling him to incorporate dental practice sales into his practice, which was not possible at his former law firm. I hope that you will join me in welcoming Matthew, my son, as a broker associate at Lee Skarin and Associates.

Additionally, should you find yourself in the unfortunate position of getting divorced, there is no better qualified divorce attorney that also understands the nuances of dental practice sales and finances than Matthew. He can be reached directly at 310-975-3161.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

“

Sean was a huge help in purchasing my first dental practice.

He is very intelligent, experienced in his line of work, attentive, and very quick in replying to emails and phone calls. Being a first-time owner, there were so many things I didn't know and Sean was very patient. I believe that is very critical.

The experience of buying an office is not easy and anxiety runs high. You need someone to keep you calm and walk you through it all!

"A definite must take class for any dentist to further your career. You will learn a lot."

-Kevin Chou DDS, general dentist, Bakersfield.

Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.

Anna Durkin DDS, general dentist, San Marcos, CA

"An oral sedation course that is practical. The difference between this course and any other course I have seen is the instructor is a true clinician that performs dentistry and surgery every day. His course is very practical, safe, and predictable way of performing oral sedation. Thank you Dr. Proussaefs, I finally feel comfortable performing oral sedation as a general dentist."

Cecilia Chen came very highly recommended for her legal services. Immediately, it was clear that she was deserving of the referral. She quickly laid out what was required for my practice transition and clearly communicated her reasonable fees. She was a wonderful advocate in dealing with the other party, going above and beyond to look out for my best interest. She was always quick to respond and my transaction was completed in a timely manner. I have already referred Cecilia to a colleague and will continue to do so in the future.

Dear Keith,

I am looking at purchasing a commercial property with other dentists where we will each operate our practices. What should I be thinking about with a transaction like this? Dr. M.K.

We are seeing this more and more. Dentists forming almost a quasi-collective of professionals operating out of the same location and facilitating efficient referrals systems. While there are a lot of things to consider in such a transaction here are the most important: (1) how are you going to take title and operate the property – will it be through an LLC or partnership; (2) who is going to be the primary point of contact with professional service providers and more importantly your lender; (3) what kind of transfer restrictions, buy out terms or liquidation clauses will be incorporated; and (4) where are you going to acquire your property --- you know the 3 most important words in business – “location, location, location”. Item 3 is often overlooked but consistently a source of problems. What happens when one partner decides to retire or passes away. Who controls that share of the building? Will it be that dentist's heirs or

a new owner or do the original owners want a protected mechanism to acquire that interest? There is the adage that the only thing certain in life is taxes and death. Well there is third – the co-ownership will end – because death will occur. Make sure you seek competent legal counsel that can help you plan for that inevitability and properly structure your holding entity. Real estate ownership done right can be a significant asset for your retirement portfolio, done wrong it can be a downright disaster. Good luck on your potential purchase.
