Over 145 5-star Avvo[®] reviews!

*"I used Mr. Olson when I moved and sold my first practice. He made the process so simple and drama-free. He was always available to answer any question I had and didn't have the meter running. I had worked with someone else who had a receptionist bill you by the minute. So the other lawyer would chat you up to run up the bill and would never give you a straight answer. Mr. Olson charged me a **flat rate** for the process and was always direct and to the point. I have used him many times since. He helped me set up my new practice and keeps my corporate minutes, set-up my agreements for associates and even helped me evaluate potential partners. I would highly recommend him to anyone in need of the services he provides."*

"I've worked with **Lee Maddox** since 2003 when he facilitated the sale of my dental practice and the subsequent start-up of another dental office. He was pivotal in structuring and negotiating the agreements and leases for both transactions. Dr. Maddox's sage advice/expertise as both a dentist and attorney afford him a unique and valuable perspective. I highly recommend Dr. Maddox to anyone who wants wise counsel and expert legal advice." Dr. Mallonee.

Cecilia Chen came very highly recommended for her legal services. Immediately, it was clear that she was deserving of the referral. She quickly laid out what was required for my practice transition and clearly communicated her reasonable fees. She was a wonderful advocate in dealing with the other party, going above and beyond to look out for my best interest. She was always quick to respond and my transaction was completed in a timely manner. I have already referred Cecilia to a colleague and will continue to do so in the future.

NORTHERN CALIFORNIA

CONTRA COSTA COUNTY - Successful 11+ year old Multi-Specialty Dental Practice is selling the Goodwill/Records for only the Pediatric and/or Orthodontic portion of the Practice. Ideally, the Buyer would purchase both sets of Goodwill/Records. Buyer must be located within 15 miles of the Practice Address such that the parents of the Pediatric and/or Orthodontic patients will be within driving range for other (non-Pediatric and/or Orthodontic) dental services available at the Selling Practice. Existing base of patients is accustomed to digital sensors, intra-oral camera usage, panoramic x-rays, pre-booked and regular hygiene appointments, on 3 days per week of office hours (Tuesday, Wednesday, and Thursdays), and with the acceptance of PPO (70% estimate), Cash (20% estimate), and HMO (10% estimate) insurance reimbursements and payment options. Asking Prices are below the recent professionally appraised prices. 2018 Gross Receipts were \$603K for PEDO and \$230K for ORTHO. #CA576- Jay Harter - 916-812-0500

CONTRA COSTA COUNTY/EAST BAY - ASKING PRICE LOWERED BY OVER \$30,000...High-end, boutique style, cosmetic, and hygiene-oriented family practice in an attractive and well-appointed office building. Located walking distance to a busy, downtown area near shops, parks and restaurants, this family oriented community is slated for extensive growth over the next few years (reported plans for luxury condos, new single-family homes etc.). The three (3) Ops interior space (Seller will plumb for a 4th Op at Seller's expense) looks as-new and is of modern design and color scheme, quality fixtures, furniture, and new equipment all make for a stunning presentation. Over 41 years of Goodwill established, with a majority of, and a historically loyal PPO patient base. Practices utilizes "Dentrix" PM Software. This is a great opportunity for a GP looking for a long career within a vibrant, growing community. 2018 Gross Receipts over \$1 Million on 34 average Dr. hours per week. #CA595- Jay Harter - 916-812-0500

FREMONT - The perfect practice for first time buyers or established owners looking to expand. Established over 30 years in this fast-growing center of the lower East Bay with access to major highways and bridges. 4 fully equipped treatment rooms in approx. 1,800 sq. ft. with Dentrix PMS, digital x-ray, Diode Laser and intra-oral camera. 2017 Gross Revenue of \$446K on a 3-day work week including 3 days of Hygiene. "A definite must take class for any dentist to further your career. You will learn a lot."

-Kevin Chou DDS, general dentist, Bakersfield.

Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.

Anna Durkin DDS, general dentist, San Marcos, CA

"An oral sedation course that is practical. The difference between this course and any other course I have seen is the instructor is a true clinician that performs dentistry and surgery every day. His course is very practical, safe, and predictable way of performing oral sedation. Thank you Dr. Proussaefs, I finally feel comfortable performing oral sedation as a general dentist."

ASK THE BROKER

How do you determine the listing price of my practice?

The single-most important factor in determining the practice sales price is the collection total of the previous calendar year. Lenders and Buyers like to see stability without large variances from year to year. It should be obvious that steady, slight increases in revenues are always better than even the slightest of decreases. Poor performance of one of three years should not affect pricing, unless it is the last calendar year that shows a significant drop. Therefore, try to maintain a stable practice, make sure you finish strong and make all your December deposits for that last year you will be filing!

Practices are priced based heavily on gross receipts.

Let's work through some scenarios and options. If you plan to practice 2-3 more years, it is not worth investing extra money in the practice. In this case, I would just advise finishing strong, especially to reflect your last tax return which will be filed. If you plan to practice approximately 5 years, spending large amounts of money for new technology may not necessarily return the investment unless it helps to increase your production. However, this being said, purchasing new equipment may increase your enjoyment of practicing dentistry and therefore be a worthwhile investment.

With 8-10 years remaining to practice, modernizing the practice with the latest and greatest is generally a great idea. Leasehold improvements typically last 5-8 years, so making the investment at this time to spruce up the office will enhance the desirability of the sale. It may also give you greater satisfaction of working in a first-rate environment for the entire duration of the leasehold improvements. **Most importantly, since practice values are based on gross receipts, keep up the good work!**

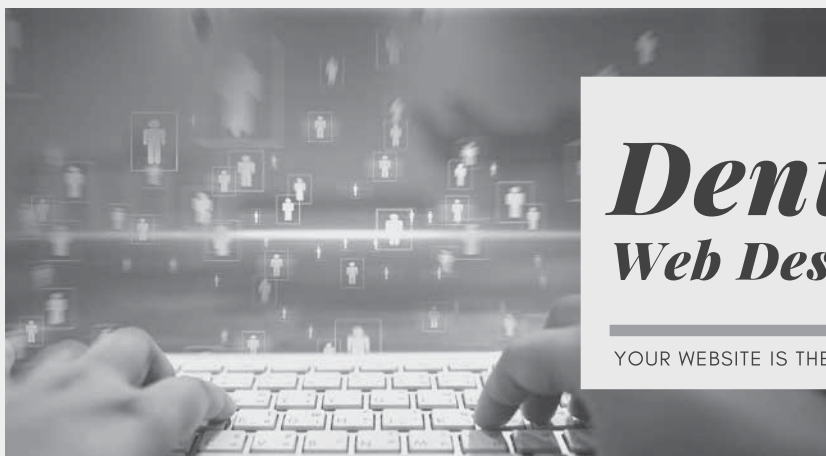

With factors affecting the current practice market such as a large number of "Baby Boomers" choosing to retire coupled with a lower percentages of Millennials wanting to own dental practices, it is important to make decisions now that will help your practice stand out from the rest when you decide to sell! Call or email us today for a free copy of Dr Giroux's book "Top Ten Issues for Dentists Contemplating Retirement in Ten Years or Less".

I believe Dr. Maddox is the best lawyer! I've been working with him for more than 10 years. He is very reliable, quick and honest. I believe that he is the best in his profession because he has extensive knowledge regarding both the law and dental aspects of the transactions, which means he can understand the reality of what you are going through. He always looks out for the best interest of his clients. He will defend and protect you like no other.

Hendrick Gonzalez, DDS - 9/25/18

I have used Lee's advice over the last 30 years, starting with reviewing my multiple office leases, associate agreements and finally with establishing a successful partnership agreement. Lee's advice is always fair and I respect his view of creating a "win-win" formula. I have and will continue to recommend his professional advice to all my dental colleagues!

“The best book I ever read on dental prosperity!”

Los Angeles Dentist, Dr. L. Chen

Dentistry is a business and this book is the business side of dentistry. Whether you are just out of dental school, buying your first practice, or selling your dental practice and heading into retirement...this book will be beneficial:

- Associate arrangement—What to expect on your first job
- When and where to buy a practice
- How to value a dental practice
- Due diligence—What are you really buying? Look deeper!
- Overhead Analysis—Poor overhead control reduces your take home pay!
- Tax consequences of buy or selling a practice. “Asset allocation” two words that can make or break the deal.
- Practice brokers...the good, the bad and the ugly!
- Includes overhead analysis templates and retirement in come planners.

“The info about due diligence when buying a practice on Pg. 33, prevented me from making a monumental error that would have cost me hundreds of thousands!”

Dr. Claire Bishop, DMD

“The chapter on overhead control completely changed the way I operate and my overhead has dropped from 70% down to 50% while simplifying my life.”

Gregory Jones, DDS

“I’ve been practicing for decades and wish this book had come out sooner. Dr. Kempler addresses so many aspects of dentistry that directly impact profitability... lessons I learned the hard way during my career. This book is a must read!”

Dr. Dean Patterson

“One chapter just saved me 1000s of dollars in taxes for 2017!!! Thank you Phil!”

Today's Changing Private Practice Marketplace

We are witnessing profound changes in our California dental marketplace. Where we are today is the result of trends occurring for quite some time. Today's marriages / partnerships consist of two wage earners. Delta is phasing out Premier providers. Dental Service Organizations are carving out a larger slice of the dental pie. There are more females entering the marketplace than there are males. Many of today's dentists do not feel the need or desire to go into private practice.

It is important to understand that your profession is unique from any other field of physical medicine as it is built upon long-lasting and trusting relationships. Patients' needs must be fulfilled. They need to feel connected with their dentist. They need to know their best interests are their dentist's main concern. They need to know they have their dentist's focused attention while in the chair. They need to feel relaxed and comfortable in their dental environment. They need to know their dentist is technically competent. They need to believe their dentist truly cares. They expect good customer service. And they want to feel connected to their dentist's practice. These patients travel considerable distances to see their dentist when they move away. This patient centric does not score well in DSO offices.

Dentists who have taken their practices out-of-network and witness some patients drift away, later witness many of these

patients asking to be re-admitted after discovering that "other" practice is not serving their needs.

California is full of discerning consumers who understand they are making long-term investments in their mouths and are willing to pay for quality and long-lasting procedures. But they demand the right patient centric!

Couple this with dentists who do want to own their practices as they have absolutely no interest in being someone's hired-hands. Dentists who have no intention on being boxed into repetitive clinical roles. Dentists who do not want their clinical judgment and ethics compromised. And dentists who fiercely aspire to practice under their own terms.

The future of Private Practice in California is extremely exciting. Realizing that there shall be fewer private practices as we move forward, there are tremendous opportunities for our Next Generation of Private Practitioners. Those who choose private practice shall realize a far higher level of satisfaction as they shall be incentivized to expand their clinical skills. Compare this to dentists who choose a corporate setting. They are supervised and expected to continually perform the same repetitive procedures. Such dentists are a hired set of hands on an assembly line who can be easily replaced!

Over 145 5-star Avvo® reviews!

*"I used Mr. Olson when I moved and sold my first practice. He made the process so simple and drama-free. He was always available to answer any question I had and didn't have the meter running. I had worked with someone else who had a receptionist bill you by the minute. So the other lawyer would chat you up to run up the bill and would never give you a straight answer. Mr. Olson charged me a **flat rate** for the process and was always direct and to the point. I have used him many times since. He helped me set up my new practice and keeps my corporate minutes, set-up my agreements for associates and even helped me evaluate potential partners. I would highly recommend him to anyone in need of the services he provides."*
