To Whom it May Concern:

I want to thank Kurt Skarin and recommend him to any buyer and seller since I have been on both sides of the equation. I have bought multiple practices through his help over the years and it has been a pleasant and profitable experience each time. Kurt's participation and guidance did not end with the purchase of my first practice. Kurt has always been there to answer questions, never pushed me to make any rash decisions and has always had the best intentions whether I was buying or selling. Ultimately, it is his integrity and depth of knowledge that allowed me to easily choose Kurt as my broker and have also referred many dentists to him over the years. Kurt wears different hats sometimes, and has played therapist, real estate and legal advisor on subjects in and out of dentistry. Like I said his depth of knowledge is valuable, invcomparable, and irreplaceable. I have recently sold my practice through Kurt and it was a smooth transaction from beginning to end, similar to all other transactions I have had with him over the years. The peace of mind he brings to the table is invaluable. Now that I have exited the dental field, I will most likely pick his brain about other subjects. Thank you again for your years of support.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

“The best book I ever read on dental prosperity!”

Los Angeles Dentist, Dr. L. Chen

Dentistry is a business and this book is the business side of dentistry. Whether you are just out of dental school, buying your first practice, or selling your dental practice and heading into retirement...this book will be beneficial:

- Associate arrangement—What to expect on your first job
- When and where to buy a practice
- How to value a dental practice
- Due diligence—What are you really buying? Look deeper!
- Overhead Analysis—Poor overhead control reduces your take home pay!
- Tax consequences of buying or selling a practice. “Asset allocation” two words that can make or break the deal.
- Practice brokers...the good, the bad and the ugly!
- Includes overhead analysis templates and retirement in come planners.

“The info about due diligence when buying a practice on Pg. 33, prevented me from making a monumental error that would have cost me hundreds of thousands!”

Dr. Claire Bishop, DMD

“The chapter on overhead control completely changed the way I operate and my overhead has dropped from 70% down to 50% while simplifying my life.”

Gregory Jones, DDS

“I’ve been practicing for decades and wish this book had come out sooner. Dr. Kempler addresses so many aspects of dentistry that directly impact profitability... lessons I learned the hard way during my career. This book is a must read!”

Dr. Dean Patterson

“One chapter just saved me 1000s of dollars in taxes for 2017!!! Thank you Phil!”

Dr. B. Barrymore

Sean helped me with the purchase of my first dental practice.

He was very informative and helpful during the process. I believe my acquisition was a little more complex than average but he was thorough and helpful throughout. I would definitely recommend Sean. He's a good guy and fun to work with.

Cecilia Chen came very highly recommended for her legal services. Immediately, it was clear that she was deserving of the referral. She quickly laid out what was required for my practice transition and clearly communicated her reasonable fees. She was a wonderful advocate in dealing with the other party, going above and beyond to look out for my best interest. She was always quick to respond and my transaction was completed in a timely manner. I have already referred Cecilia to a colleague and will continue to do so in the future.

"A definite must take class for any dentist to further your career. You will learn a lot."

- Kevin Chou DDS, general dentist, Bakersfield.

Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.

Anna Durkin DDS, general dentist, San Marcos, CA

"An oral sedation course that is practical. The difference between this course and any other course I have seen is the instructor is a true clinician that performs dentistry and surgery every day. His course is very practical, safe, and predictable way of performing oral sedation. Thank you Dr. Proussaefs, I finally feel comfortable performing oral sedation as a general dentist."

ACCOUNTING, TAX, CONSULTING SERVICES FOR DENTAL PROFESSION

The practice of dentistry is challenging...especially in California. Changing tax laws, redefinitions of Independent Contractors and discovery of errors, omissions and outright fraud related to dental practice acquisition (especially those offered by FSBOs) require experienced, expert handling. You need someone who has seen it all and knows what to look for...someone to protect your interests, your money and long-term profitability. I am that man.

I have worked with Fazel from the very beginning of my first dental practice search when I literally knew NOTHING on how and where to start. He not only guided me on my journey, he taught me EVERYTHING I needed to know to evaluate office statistics, financials, and steps involved in practice acquisition. Having Fazel on my team was honestly the best decision I made in my professional career. His genuine and humble nature, business ethics and expertise in the dental field is sometimes difficult to find in today's dental industry. Fortunately, with him by my side, we were able to find a great practice with tremendous potential to grow. Now years after my transition, he helped me expand my practice well beyond my expectations. Dentistry is a business and Fazel added all needed business systems to my office. We review financials and operations on a continuous basis and improved all our goals. It's a real partnership. I look forward to continue our journey together to strive for practice and professional success.

“I read this book in one sitting while sitting by my pool. I was engrossed by the information that revealed solutions to existing problems within my dental practice and I even had to laugh when I read some of the things the author says you should never do...things I had already done and regretted. It was like a crash course in dental success. Great book, I highly recommend an afternoon reading Dr. Kempler’s THE BUSINESS SIDE OF DENTISTRY.” - Dr. Bob Carter.
