- #1 - Your knowledge and know-how.** "Because you are a successfully retired dentist, you understand the differences between one practice and another. Most salespeople are clueless about dentistry."
- #2 - Your honesty.** "You told me the truth, and everything turned out just like you said."
- #3 - Personal attention.** "I liked dealing with you AND ONLY YOU! No frustrating and time-wasting calls with folks that didn't know anything about my situation or dentistry."

LEE SKARIN AND ASSOCIATES...

HOW SOME BROKERS GET MORE THAN THEIR FAIR SHARE

The notion of selling your dental practice with the accounts receivable and moving headache free into retirement is appealing. But that is only true if you were to sell **all** of your accounts receivable. There is no logical reason, other than lining the broker's pocket, to include a portion of your accounts receivable only to take back the uncollectable accounts after the buyer has skimmed the initial money collected.

The broker might assert that by including the first \$40,000 of your accounts receivable in the sale will give the buyer their necessary working capital. Nonsense! The buyer can borrow the same \$40,000 from the bank. They don't need any of your accounts receivable. The real reason is that by including that initial \$40,000 of your accounts receivable increases the sale price of the practice which increases the "perceived" value that you are getting for your practice and it increases the broker's commission. Nothing more, nothing less.

There are some valid reasons to include the accounts receivable with the sale of a practice, i.e. if you are moving out of state, making it difficult for you to do any rebilling after the buyer's time for billing your accounts has expired or if the sale is occurring as a consequence of the death of the practitioner. In those cases, **all** of the accounts receivable are sold and sold at a discount, because not all of the accounts receivable will be collected and the buyer will need to wait for their money as opposed to using a line of credit from the bank.

If accounts receivable are being sold, Lee Skarin and Associates does not charge a commission on the portion of the sales price attributed to those accounts receivable. No broker should be that greedy. For all your practice sale questions, call Kurt Skarin at 805-777-7707.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

"A definite must take class for any dentist to further your career. You will learn a lot."

- Kevin Chou DDS, general dentist, Bakersfield.

Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.

Anna Durkin DDS, general dentist, San Marcos, CA

"An oral sedation course that is practical. The difference between this course and any other course I have seen is the instructor is a true clinician that performs dentistry and surgery every day. His course is very practical, safe, and predictable way of performing oral sedation. Thank you Dr. Proussaefs, I finally feel comfortable performing oral sedation as a general dentist."

"Art & Phil sold my fee-for-service practice. I knew their integrity was beyond reproach. My staff and patients were key considerations. Art & Phil took that to heart. They found the right buyer to get the right money and the right match. I couldn't be happier with the results.

Cecilia Chen came very highly recommended for her legal services. Immediately, it was clear that she was deserving of the referral. She quickly laid out what was required for my practice transition and clearly communicated her reasonable fees. She was a wonderful advocate in dealing with the other party, going above and beyond to look out for my best interest. She was always quick to respond and my transaction was completed in a timely manner. I have already referred Cecilia to a colleague and will continue to do so in the future.

WE DON'T PLAY THAT WAY

Most dental publications sell their mailing lists (of dental subscribers) and even sell email addresses (or provide spamming services) using data you entered when registering on their site. This is why you get so many promotional emails.

We don't do that here at The Dental Trader. Your personal contact information is private, we do not share or sell it to anyone. Companies ask to buy this from us all the time but we know you get enough junk mail & spam already so we just say no. It's also why every page of the **dentaltrader.com** website is 100% secure (https) and why we do not capture or phish for any data you provide. We respect your right to privacy.

Thank you for reading and advertising.

I believe Dr. Maddox is the best lawyer! I've been working with him for more than 10 years. He is very reliable, quick and honest. I believe that he is the best in his profession because he has extensive knowledge regarding both the law and dental aspects of the transactions, which means he can understand the reality of what you are going through. He always looks out for the best interest of his clients. He will defend and protect you like no other.

ACCOUNTING, TAX, CONSULTING SERVICES FOR DENTAL PROFESSION

The practice of dentistry is challenging...especially in California. Changing tax laws, redefinitions of Independent Contractors and discovery of errors, omissions and outright fraud related to dental practice acquisition (especially those offered by FSBOs) require experienced, expert handling. You need someone who has seen it all and knows what to look for...someone to protect your interests, your money and long-term profitability. I am that man.

I have worked with Fazel from the very beginning of my first dental practice search when I literally knew NOTHING on how and where to start. He not only guided me on my journey, he taught me EVERYTHING I needed to know to evaluate office statistics, financials, and steps involved in practice acquisition. Having Fazel on my team was honestly the best decision I made in my professional career. His genuine and humble nature, business ethics and expertise in the dental field is sometimes difficult to find in today's dental industry. Fortunately, with him by my side, we were able to find a great practice with tremendous potential to grow. Now years after my transition, he helped me expand my practice well beyond my expectations. Dentistry is a business and Fazel added all needed business systems to my office. We review financials and operations on a continuous basis and improved all our goals. It's a real partnership. I look forward to continue our journey together to strive for practice and professional success.

“The best book I ever read on dental prosperity!”

Los Angeles Dentist, Dr. L. Chen

Dentistry is a business and this book is the business side of dentistry. Whether you are just out of dental school, buying your first practice, or selling your dental practice and heading into retirement...this book will be beneficial:

- Associate arrangement—What to expect on your first job
- When and where to buy a practice
- How to value a dental practice
- Due diligence—What are you really buying? Look deeper!
- Overhead Analysis—Poor overhead control reduces your take home pay!
- Tax consequences of buying or selling a practice. “Asset allocation” two words that can make or break the deal.
- Practice brokers...the good, the bad and the ugly!
- Includes overhead analysis templates and retirement in come planners.

“The info about due diligence when buying a practice on Pg. 33, prevented me from making a monumental error that would have cost me hundreds of thousands!”

Dr. Claire Bishop, DMD

“The chapter on overhead control completely changed the way I operate and my overhead has dropped from 70% down to 50% while simplifying my life.”

Gregory Jones, DDS

“I’ve been practicing for decades and wish this book had come out sooner. Dr. Kempler addresses so many aspects of dentistry that directly impact profitability... lessons I learned the hard way during my career. This book is a must read!”

Dr. Dean Patterson

“One chapter just saved me 1000s of dollars in taxes for 2017!!! Thank you Phil!”

Dr. B. Barrymore

"I've worked with Lee Maddox since 2003 when he facilitated the sale of my dental practice and the subsequent start-up of another dental office. He was pivotal in structuring and negotiating the agreements and leases for both transactions. Dr. Maddox's sage advice/expertise as both a dentist and attorney afford him a unique and valuable perspective. I highly recommend Dr. Maddox to anyone who wants wise counsel and expert legal advice." Dr. Mallonee.

"I read this book in one sitting while sitting by my pool. I was engrossed by the information that revealed solutions to existing problems within my dental practice and I even had to laugh when I read some of the things the author says you should never do...things I had already done and regretted. It was like a crash course in dental success. Great book, I highly recommend an afternoon reading Dr. Kempler's **THE BUSINESS SIDE OF DENTISTRY**." - Dr. Bob Carter.
