“Mr. Robert Olson is an excellent attorney who actually cares about his work. Mr. Olson completed the project timely [and] under the projected cost. I feel he is honest and genuinely cares. He is not the type of person that would take advantage of a person. The work product was excellent. He explains his approach before and after the project. I highly recommend Mr. Olson to all my friends and colleagues.”

When it Comes to the Sale

DENTAL PRACTICES FOR SALE

DENTAL PRACTICES FOR SALE: Beverly Hills, Chula Vista, Encino, La Canada, Lancaster, Moorpark, Newhall, Panorama City, Santa Barbara, Santa Clarita, Tustin, Valencia, Van Nuys, and Woodland Hills.

TUSTIN GENERAL PRACTICE FOR SALE: Well established practice consistently collects \$572,000-597,000 over the past four years with an average net income of \$245,000+/year. Seller works 4 days per week with 4 days of hygiene per week. Over 37% of the practice production is from hygiene, exams and x-rays suggesting a solid recall program and conservative practice. Seller refers all endo, all oral surgery, all perio surgery and all ortho. No advertising, no evenings and no weekends. Lots of upside for a buyer that does some specialty work and some marketing. Three equipped operatories with SoftDent software. Asking \$520,000.

MOORPARK GENERAL PRACTICE FOR SALE: Thirty-three years of goodwill in the same retail location. This practice has a ton of potential! Seller works three and a half days per week with two and a half days a week of hygiene coverage. Collections are consistently at \$400,000 per year with an equally consistent net income of \$150,000 per year with the seller referring out all molar endo, all implant placement, almost all oral surgery, all perio surgery and all ortho. 42% of the production is from hygiene and exams. The practice does no advertising even though located in a retail shopping center. The office has 3 equipped operatories with EZ Dental software and digital x-rays. Tremendous opportunity. Asking \$285,000.

BEVERLY HILLS GENERAL PRACTICE FOR SALE: Located in the Golden Triangle of Beverly Hills, this office is projected to collect \$540,000 in 2019 on three days per week. The seller purchased a larger practice in late 2018 and has been focused on that newer location. Collections in this office in 2018 were \$760,000. There are three days of hygiene coverage per week. No capitation or Denti-Cal. No evenings or weekend hours. Four equipped operatories with digital x-rays, laser and Dentrrix software. Asking \$350,000.

ENCINO GENERAL PRACTICE FOR SALE: Exceptional opportunity to acquire a full fee for service practice. This practice has been established in Encino for over 60 years and with the current owner in the current location for over 35 years. The practice is not in-network for any PPO or HMO plans. The seller refers all endo, all oral surgery, all perio and all ortho. Seller works 3 days per week with one day of hygiene per week and still collects \$430,000 per year. Asking \$250,000. But, if you are looking for an exceptional, once in a lifetime opportunity, combine this practice with the immediately following practice in Encino. Both practices are in the same building, on the same floor and side by side. Both sellers are retiring. Both leases have less than a year remaining before options. Buy both and combine for collections of over \$800,000 and a net income of over \$325,000 WITHOUT considering any specialty work. In 37 years of selling practices, I have never seen such an opportunity!

ENCINO GENERAL PRACTICE FOR SALE: An outstanding 48 years of goodwill with the same dentist in the same location! The practice collects \$370,000 per year on three days per week with two days of hygiene per week. Seller refers all endo, all perio, all oral surgery and all ortho. No advertising, no capitation, and no Denti-Cal. The office is spacious with four equipped operatories, Dentrrix software and digital x-rays. There is one year remaining on the current lease. This is an ideal practice to merge with a nearby practice and either move both practices to this location or abandon this location when the lease is up and move to the buyer's existing office. Asking \$250,000.

of Your Dental Practice ...

Timing Can Be Everything

LEE SKARIN AND ASSOCIATES...

the Name Dentists have Trusted Most Since 1959.

TIMES HAVE CHANGED

You don't know how many calls I get from dentists with practices collecting \$100,000-250,000 per year with zero profit that want to sell. If they had sold two years earlier when they had more income it might have been possible, but not now with minimal profit. Historically, every dental practice could be sold. It was just a matter of price. Today, that is no longer true. In the past, young dentists had to purchase a practice to have a patient base to build upon. Now, with significantly greater student loan debt and the development of corporate practices, they can get a good paying job without the expense or risk associated with buying a practice. As a consequence, the practices that are less saleable today are those that would net a buyer less than what they can make as a "drill, fill, get your check and go home" dentist working in a corporate practice. With the smaller income practices, the primary option would be to merge with a nearby practitioner. However, in those cases, the nearby practitioner already has an existing facility and has no need for a second location with the associated second overhead. The net effect is that the selling practice is being sold as records only with no value assigned to the location or the equipment unless, in the rare case, that the location and equipment is superior to the buyer's existing location. The end result is pennies on the dollar compared to the past.

If your practice nets over \$100,000 per year, this does not apply to you. If your practice is trending downward due to lack of interest, decreased need for income or simply getting tired, consider selling now versus later as once the practice declines below a certain profit point, it may become effectively worthless.

For all of your practice sale questions, call Kurt Skarin at Lee Skarin and Associates.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

Sean helped me with the purchase of my first dental practice.

He was very informative and helpful during the process. I believe my acquisition was a little more complex than average but he was thorough and helpful throughout. I would definitely recommend Sean. He's a good guy and fun to work with.

Cecilia Chen, Attorney

*Super Lawyer 2014
Nominated by Peers*

Cecilia Chen came very highly recommended for her legal services. Immediately, it was clear that she was deserving of the referral. She quickly laid out what was required for my practice transition and clearly communicated her reasonable fees. She was a wonderful advocate in dealing with the other party, going above and beyond to look out for my best interest. She was always quick to respond and my transaction was completed in a timely manner. I have already referred Cecilia to a colleague and will continue to do so in the future.

"A definite must take class for any dentist to further your career. You will learn a lot."

- Kevin Chou DDS, general dentist, Bakersfield.

Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.

Anna Durkin DDS, general dentist, San Marcos, CA

"An oral sedation course that is practical. The difference between this course and any other course I have seen is the instructor is a true clinician that performs dentistry and surgery every day. His course is very practical, safe, and predictable way of performing oral sedation. Thank you Dr. Proussaefs, I finally feel comfortable performing oral sedation as a general dentist."

I am a Dental Trader reader. I successfully located an associate dentist by advertising in The Dental Trader. Additionally, I found equipment and materials I needed being advertised at great prices. Recently I opened a second office in Rancho Santa Margarita with 10 treatment rooms and had space for sublease. The Dental Trader is helping me locate specialists to sublease the available treatment rooms too. I highly recommend advertising in The Dental Trader.

Sincerely,
Dr. Orly Taitz

You need a friend in the business

ACCOUNTING, TAX, CONSULTING SERVICES FOR DENTAL PROFESSION

The practice of dentistry is challenging...especially in California. Changing tax laws, redefinitions of Independent Contractors and discovery of errors, omissions and outright fraud related to dental practice acquisition (especially those offered by FSBOs) require experienced, expert handling. You need someone who has seen it all and knows what to look for...someone to protect your interests, your money and long-term profitability. I am that man.

I have worked with Fazel from the very beginning of my first dental practice search when I literally knew NOTHING on how and where to start. He not only guided me on my journey, he taught me EVERYTHING I needed to know to evaluate office statistics, financials, and steps involved in practice acquisition. Having Fazel on my team was honestly the best decision I made in my professional career. His genuine and humble nature, business ethics and expertise in the dental field is sometimes difficult to find in today's dental industry. Fortunately, with him by my side, we were able to find a great practice with tremendous potential to grow. Now years after my transition, he helped me expand my practice well beyond my expectations. Dentistry is a business and Fazel added all needed business systems to my office. We review financials and operations on a continuous basis and improved all our goals. It's a real partnership. I look forward to continue our journey together to strive for practice and professional success.

According to The American Dental Association, the average retirement age of a dentist keeps getting pushed back. Less than 20 years ago, the average retirement age was 65. Today, the average retirement age is 4 years longer and currently stands at 69. In addition to retirement we are also facing an uncertain social, political, and economic future that can impact our ability to reach our most important goals. In Elite Wealth Planning, you will learn strategies and tactics for your retirement that you can take back and start implementing Monday morning. One of the most important lessons you will learn is a strategy called Stress Testing.

"I've worked with Lee Maddox since 2003 when he facilitated the sale of my dental practice and the subsequent start-up of another dental office. He was pivotal in structuring and negotiating the agreements and leases for both transactions. Dr. Maddox's sage advice/expertise as both a dentist and attorney afford him a unique and valuable perspective. I highly recommend Dr. Maddox to anyone who wants wise counsel and expert legal advice." Dr. Mallonee.

WE DON'T PLAY THAT WAY

Most dental publications sell their mailing lists (of dental subscribers) and even sell email addresses (or provide spamming services) using data you entered when registering on their site. This is why you get so many promotional emails.

We don't do that here at The Dental Trader. Your personal contact information is private, we do not share or sell it to anyone. Companies ask to buy this from us all the time but we know you get enough junk mail & spam already so we just say no.
