Over 150 5-star Avvo® reviews!

“Robert (Bob) was nothing short of being AMAZING. He was attentive, responsive, and diligent in representing me in a complicated sale that involved multiple office locations and a large staff... Robert was patient and thorough in outlining the process and making sure everything was taken care of. Robert always responded to my email or phone correspondence in a timely fashion, so that I wasn’t kept waiting or wondering what was going on. This was true especially for critical or time-sensitive issues that needed a quick response. I would highly recommend Bob to anyone who is looking to buy or sell their practice, whether it is dental or medical. He is truly an expert in this highly specialized area of law. There is no doubt in my mind that I would use his services again in the future.”

We did a survey... here's what our clients liked best about Dr. Kempler and Thomas & Fees Practice Sales:

- #1 - Your knowledge and know-how.** "Because you are a successfully retired dentist, you understand the differences between one practice and another. Most salespeople are clueless about dentistry."

Got a complicated mess?

Chester will clean it up.

Over 3,000 formal complaints are filed with the Calif. Dental Board every year

*The life-altering impact a single admission may cause (however innocent) is overwhelming. When your license & reputation are on the line, you need a lawyer that knows the system. **Don't go it alone.** Do not provide any documents or speak to anyone.*

"I can't say enough good things about Chester. He really helped me go through a challenging transition in order for me to chase my dreams of living in Hawaii. I had a great associate who did not have a lot of years of experience and was interested in purchasing my practice. Because this was his first transition, he had advisors that were not dental specialists. As you could imagine, that made things difficult. Chester helped me navigate the frustrations and challenges of dealing with their team and was super responsive in all his communications to both me and the other party. He noticed a few discrepancies and cleared them up swiftly. He also helped accomplish this in a very short period of time!" Tony K.

DENTAL PRACTICES FOR SALE

DENTAL PRACTICES FOR SALE: Beverly Hills, Chula Vista, Encino, La Canada, Lancaster, Moorpark, Newhall, Panorama City, Santa Barbara, Santa Clarita, Tustin, Valencia, Van Nuys, and Woodland Hills.

TUSTIN GENERAL PRACTICE FOR SALE: Well established practice consistently collects \$572,000-597,000 over the past four years with an average net income of \$245,000+/year. Seller works 4 days per week with 4 days of hygiene per week. Over 37% of the practice production is from hygiene, exams and x-rays suggesting a solid recall program and conservative practice. Seller refers all endo, all oral surgery, all perio surgery and all ortho. No advertising, no evenings and no weekends. Lots of upside for a buyer that does some specialty work and some marketing. Three equipped operatories with SoftDent software. Asking \$520,000.

MOORPARK GENERAL PRACTICE FOR SALE: Thirty-three years of goodwill in the same retail location. This practice has a ton of potential! Seller works three and a half days per week with two and a half days a week of hygiene coverage. Collections are consistently at \$400,000 per year with an equally consistent net income of \$150,000 per year with the seller referring out all molar endo, all implant placement, almost all oral surgery, all perio surgery and all ortho. 42% of the production is from hygiene and exams. The practice does no advertising even though located in a retail shopping center. The office has 3 equipped operatories with EZ Dental software and digital x-rays. Tremendous opportunity. Asking \$285,000. - **PENDING**

BEVERLY HILLS GENERAL PRACTICE FOR SALE: Located in the Golden Triangle of Beverly Hills, this office is projected to collect \$471,000 in 2019 on two plus days per week. The seller purchased a larger practice in late 2018 and has been focused on that newer location. Collections in this office in 2018 were \$760,000. There are three days of hygiene coverage per week. No capitation or Denti-Cal. No evenings or weekend hours. Four equipped operatories with digital x-rays, laser and Dentrrix software. Asking \$310,000.

ENCINO GENERAL PRACTICE FOR SALE: Exceptional opportunity to acquire a full fee for service practice. This practice has been established in Encino for over 60 years and with the current owner in the current location for over 35 years. The practice is not in-network for any PPO or HMO plans. The seller refers all endo, all oral surgery, all perio and all ortho. Seller works 3 days per week with one day of hygiene per week and still collects \$430,000 per year. Asking \$250,000. But, if you are looking for an exceptional, once in a lifetime opportunity, combine this practice with the immediately following practice in Encino. Both practices are in the same building, on the same floor and side by side. Both sellers are retiring. Both leases have less than a year remaining before options. Buy both and combine for collections of over \$800,000 and a net income of over \$325,000 WITHOUT considering any specialty work. In 37 years of selling practices, I have never seen such an opportunity! - **PENDING**

ENCINO GENERAL PRACTICE FOR SALE: An outstanding 48 years of goodwill with the same dentist in the same location! The practice collects \$370,000 per year on three days per week with two days of hygiene per week. Seller refers all endo, all perio, all oral surgery and all ortho. No advertising, no capitation, and no Denti-Cal. The office is spacious with four equipped operatories, Dentrrix software and digital x-rays. There is one year remaining on the current lease. This is an ideal practice to merge with a nearby practice and either move both practices to this location or abandon this location when the lease is up and move to the buyer's existing office. Asking \$250,000. - **PENDING**

SAN FERNANDO VALLEY ORAL SURGERY PRACTICE FOR SALE: Collected \$620,000 with a net income of \$242,000 on three and a half days per week. 54% of the income is from extractions, and 17% is from implants. Three equipped operatories. Professional building location. Seller is retiring but will stay on, if desired, for a transition period. Asking \$300,000. - **SOLD**

ANTELOPE VALLEY GENERAL PRACTICE FOR SALE: Collects \$680,000 per year on five days a week with five days of hygiene per week. Newer leasehold improvements and equipment. Five equipped operatories with Softdent software, digital x-rays and panoramic x-ray machine. Practice gets an average of 18 new patients per month. Practice refers implant placement, oral surgery, and ortho. Asking \$450,000. Real estate can also be purchased. Building is 4,400 square feet with just over half of that as dental office. The remainder is leased to a non-dental tenant. Asking price for the real estate is \$750,000. - **SOLD AT FULL PRICE FOR BOTH PRACTICE AND REAL ESTATE**

PANORAMA CITY PRACTICE FOR SALE: Practice collects \$340,000 per year with a net income of \$84,000 per year. The practice has \$2,000/month in capitation checks and does accept Denti-Cal. Seller receives 20-25 new patients per month. The practice is located in a predominantly Hispanic community. There are five equipped operatories with additional room for expansion. WHAT IS MY PRACTICE WORTH?

That requires a complex answer. It is easier to say what it is not worth. Practice prices have been steadily declining over the past couple of years for a number of reasons. First, bank financing has become more restrictive with no major dental practice lender loaning more than 85% of the average gross collections (or current collections if the collections are declining) including working capital or accounts receivable. Since buyers today have such significant student loan debt, very few are in a position to provide any down payment or their own working capital. As such, all buyers are borrowing the full purchase price plus the needed working capital. Therefore, if your practice collects \$600,000 per year and the buyer will need \$50,000 in working capital (one month's collections) the most that your practice can sell and secure financing for is \$460,000 (\$600,000 times 85% minus \$50,000).

Beware of any broker promising 100% of gross collections, as those valuations are not attainable. Those numbers have not been seen for many years and even then they included the accounts receivable, which is trading your money for their money minus a commission. Don't allow greed to mislead. Have the facts. If your practice has been for sale for more than three months, something is wrong. If you are considering the sale of your practice, get references from your prospective brokers and call them to see what value they were given at the time of the listing, how long it took to sell the practice and, ultimately, at what price. Selling in a reasonable amount of time at full price suggests that the practice was realistically priced from the beginning and not a "bait and switch" listing technique. Remember, dental practice buyers are not that different from home buyers, those that are serious and qualified are out there looking. As a result, the first buyers are usually your best buyers.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

Cecilia Chen came very highly recommended for her legal services. Immediately, it was clear that she was deserving of the referral. She quickly laid out what was required for my practice transition and clearly communicated her reasonable fees. She was a wonderful advocate in dealing with the other party, going above and beyond to look out for my best interest. She was always quick to respond and my transaction was completed in a timely manner. I have already referred Cecilia to a colleague and will continue to do so in the future.

I believe Dr. Maddox is the best lawyer! I've been working with him for more than 10 years. He is very reliable, quick and honest. I believe that he is the best in his profession because he has extensive knowledge regarding both the law and dental aspects of the transactions, which means he can understand the reality of what you are going through. He always looks out for the best interest of his clients. He will defend and protect you like no other.

Hendrick Gonzalez, DDS - 9/25/18

I have used Lee's advice over the last 30 years, starting with reviewing my multiple office leases, associate agreements and finally with establishing a successful partnership agreement. Lee's advice is always fair and I respect his view of creating a "win-win" formula. I have and will continue to recommend his professional advice to all my dental colleagues!

SOME TOP REASONS:

- Sellers knowingly or unknowingly were not disclosing material facts.
- Practice could not produce enough income to pay for loan and buyer's income.
- Buyer overpaid for practice.
- Buyer did not know what information to ask for and review.
- Buyer did not engage any consultants and dealt with seller and broker on his/her own.
- Buyer oversaw substantial expenses.
- Buyer took over bad staff, bad working culture or overpaid staff.

- Practice Selection
- Practice Assessment
- Comprehensive Financial Review
- Comprehensive Practice Evaluation
- Practice Valuation and Appraisal

Buying a dental practice without proper analysis is like purchasing a house before a home inspector has reviewed it. Except this purchase determines your quality of life. Profitability must be immediate, sustainable and able to grow over time. *Don't just buy a practice, buy **the practice**.*

*"I have worked with Fazel from the very beginning of my first dental practice search when I literally knew NOTHING on how and where to start. He not only guided me on my journey, he taught me EVERYTHING I needed to know to evaluate office statistics, financials, and steps involved in practice acquisition. **Having Fazel on my team was honestly the best decision I made in my professional career.** His genuine and humble nature and expertise in the dental field is sometimes difficult to find in today's dental industry. Fortunately, with him by my side, we were able to find a great practice with tremendous potential to grow. I look forward to continue our journey together to strive for practice and professional success."* Dr. K. DDS

*"Working with Fazel has been a great experience for me-- he's simplified the process of practice acquisition and made the whole procedure much less daunting! **Buying a practice is a huge investment**, it pays to have someone like Fazel on your side!"* Dr. C. DMD

*I started looking to buy a practice just before getting to know Fazel and I was very confused, didn't know where to start and what to look for. Fazel told me it's going to take 2-3 months to find a practice that is suitable for me. We talked and he got the idea of a suitable practice for me. I travelled to Southern California to meet with him. After having the informative sessions with Fazel, I was very confident and knew exactly what to do. I had an action plan in hand and a good support to rely on. I started looking just at the broker's descriptions and I was crystal clear to go and see the office or not even bother to see it. In 2 months, I chose three offices, I talked to Fazel, picked 2 out of 3, visited the 2 and bought one. I am not saying that I didn't get lucky to find the place that I liked but I am saying to have him by my side, was like having a full time support. He is very caring, very knowledgeable, and very attentive and really more than an advisor, he is a good friend. Buying a practice, especially for the first time is challenging, with Fazel and his knowledge, the whole process is much easier. I definitely recommend his service for buying a practice. **You don't want to make a decision for life without knowing what you are getting into.**"* -Dr. L., DDS

600+ dental practices will be FOR SALE in California in 2020.

**Some will sell. Many won't.
Will your practice stand out?**

Maximizing the transferability of your practice is key to a high valuation and a successful sale.

There are many pitfalls that make it very hard to go from a valuation on paper to money in the bank. Recognizing and addressing these problems early make a successful transition far more likely.

That's why we at Integrity Practice Sales developed a new **transferability analysis** designed to compliment our expert practice sales process.

Get your own IPS Transferability Analysis (+ valuation) today! We will meet with you confidentially and provide a written analysis within two weeks with concrete steps to help you build a more valuable practice that appeals to more buyers.

Special Offer! Get the detailed, in-office analysis for only \$1,975 (usually \$3,950) through April 30th!
