

The logo consists of a thick, yellow rope with a black outline, forming a rectangular border with rounded corners. Inside this border is a large, horizontal, yellow oval with a thin white outline. Centered within the oval is the text "CA. INST. of EDUCATION" in a bold, black, sans-serif font. The word "of" is smaller and in a script-like font, while "CA.", "INST.", and "EDUCATION" are in all caps and a larger font size.

CA. INST. of EDUCATION

"Adding oral sedation to my skill set transformed my practice."

This course changed everything, I am now treating phobic patients who have neglected their teeth for years and the new patient referrals keep coming."

— John Magnis DDS, Oxnard, CA

- Expand your practice/patient base by offering oral sedation for adults
- Preserve fearful adult patients and related productivity
- Perform dental work in fewer appointments
- Perform longer treatment sessions comfortably
- Will teach you SAFE guidelines for oral sedation for adults
- LIVE patient demonstration
- **California Dental Board approved course**
- **Course meets ADA guidelines; qualifies for most States for Oral (minimal) sedation permit***

*Check with your individual state for requirements for issuing an oral (minimal) sedation permit

Periklis Proussaefs DDS, MS

is a prosthodontist and Associate Professor at Loma Linda University. Dr. Proussaefs has received formal training in all forms of sedation since 1997. He has been providing dental care under I.V. (moderate) or oral (minimal) sedation. His seminars focus on patient safety, airway management, monitoring, and handling emergencies. The course involves lecturing, hands-on training on a manikin, and real patient experience.

"Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you."

—Anna Durkin DDS, general dentist, San Marcos, CA

"A definite must take class for any dentist to further your career. You will learn a lot."

—Kevin Chou DDS, general dentist, Bakersfield.

The logo features the word "PEARSON" in a bold, black, serif font, centered within a light orange oval. This oval is surrounded by a thick, yellow rope with a dark brown outline, which is knotted at the top and bottom. The entire design is set against a solid brown background.

PEARSON®

vivid AerosolVac™

Aerosol Suction Unit with 360° Maneuverable Arm

Best Seller

Mobile extra-oral suction machine, which quickly, filters spray, aerosol, bacteria, and other harmful substances during the treatment, by utilizing the high negative pressure produced by a brushless direct current motor. Filters out 99.97% of the smell and aerosol through customized H13 HEPA highly efficient filter and active carbon filter.

The final stage is through the UVC photo oxygen catalytic sterilization module, which sterilizes and expels it to the outside. Tower-like filters to purify the air.

Improves the cleanliness of the treatment environment, reduces the rate of viral cross infection, and thus achieve the goal of fighting infection.

- 360° Rotation Arm

Unit S22-1000 **999.00**

vivid AerosolHunter™

Aerosol Suction Unit

with 360° Maneuverable Arm

- Activated carbon + molecular sieve desiccant + high efficiency filter cotton (secondary filter) (three-level filter)
- Negative pressure fan
- UV disinfection/plasma sterilizer
- Exhaust port

Unit 152-0004 **999.00**

vivid AeroSafe™

Aerosol Suction Unit

HEPA + Carbon + Plasma & UV Light Filtration

with 360° Maneuverable Arm

Powerful Vacuum Pump 4,000L /minute pumping rate 2 Layers each of HEPA and activated carbon filters Plasma Ultraviolet Light This item is not returnable

- Free arm joint 360° rotation
- arm joint unidirectional rotation
- arm joint 360° rotation
- free arm joint left and right 360° rotation, up and down 180° rotation
- Noise < 60dB

Unit B47-0120 **999.00**

DYNAMIC DS15

Dynamic DS1000 Aerosol Suction Unit with 360° Maneuverable Arm

Powerful 1200 watts Suction Power

During treatment, doctors may use ultrasonic scalars, 3-way syringes, high and low speed handpieces and many other types of equipment spray to generate a large amount of water mist combined with bacteria, saliva, and blood from the patients mouth which will produce aerosols.

- Maximum Vacuum 20 Kpa
- Maximum Airflow 3,000L/min
- Cleans air 4 different : UV Light + Filter + Plasma
- HEPA Filtration Efficiency 99.99% <60dB
- **Most Powerful Suction**

Unit J22-0002 **1,299.00**

shieldVAC

Reducing Airborne Contaminants and Debris Connects to your HVE System

It's Not Just a Vacuum — It's a Shield

- Captures up to 95% of expelled dental aerosols in advance of personal protective equipment (PPE)
- Fast & easy retrofit with any existing dental chair and HVE setup
- No expensive capital equipment necessary - eliminating bulky, noisy devices in the operatory where space is a premium
- Utilizes adjustable arm attached to a shield that stays steady where positioned, making two-handed hygiene possible without an additional assistant to hold HVE

Made in USA

Unit T34-1000 **345.00**

Contains: 4 each - 12" & 10" barrier shields, 2 - 8" barrier shields, 50 - HVE insert adapters - single-use, 3 - Arm-to-HVE tubing clips

ROGIN DENTAL

Aerosol Suction Unit with 360° Maneuverable Arm

Compact & Powerful

Rogin Extraoral Suction Unit is a machine with super suction can help clean the air and kill virus. With it, dentists, nurses and patients will not be afraid of the residual environment of bacterial aerosol

and droplets to protect the safety. Reduces cross infection during the whole treatment process. It can be used not only at clinics but also homes, schools and any places where needs fresh air.

Friday, Nov 20, 2020 - 11:30AM, PT Advanced Practice Acquisition Webinar

steps to take before buying a dental practice.

Buying a dental practice can be exciting, overwhelming and a bit mystifying. Many dentists choose to buy an established dental practice for the existing patients but having plenty of patients is no guarantee of success. There are several other considerations to weigh, like how much income you can expect to generate and the potential for growth (or decline).

How to Value a Dental Practice
How to select the right practice?
How to get financing?
How to negotiate the lease?
How to assess IT and equipment needs?

Tuesday, Nov 24, 2020 - 6:30PM, PT Advanced Dental Start Ups Webinar

Starting a new practice comes with tough decisions and major anxiety. But, with the help of seasoned professionals, it can also be the opportunity to make sure it's done exactly the way you start well and start seeing profits quickly. If you're opening a new dental practice, there are many things to consider. We provide resources as a starting point to address many of the issues dentists encounter when opening new practices.

Financing
Site selection and lease
Design and equipment
Business plans and business systems
