Air Purifiers for your Office & Waiting Room

vivid SaniAir

The function of our air cleaners is to remove particulates from the air, including allergens, indoor PM2.5, etc. and also to solve indoor, underground space and volatile organic air pollution.

Specifications :

CADR: 210m³/h

Power: 45w

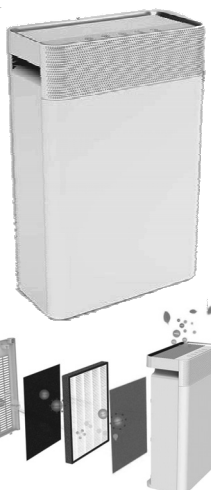

Noise: $\approx 55\text{dB}$

Effective Area: 25 m²

Size: 248*230*585mm

Timer: 0~8 hours timing

Filter replacement indicator

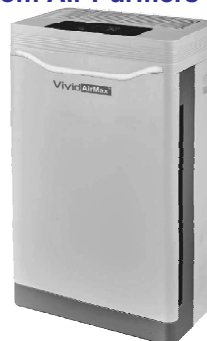

Unit G87-1000**89.99**
Replacement Filter G87-1002**23.99**

vivid AirMax

Office/Waiting Room Air Purifiers

- Composite filter, all around high-efficiency purification without dead corners. Ultra-strong filtering clean air.
- New touch control. Enjoy remote operation function, silent operation
- Oxygen bar function - releases high concentration of negative ions to quickly refresh the air, remove harmful gases and odors, and create an indoor oxygen bar
- Ideal for use in bedrooms, kitchens, hotels, schools, entertainment venues, conference rooms, offices, etc.
- Low noise: 55dB — 80W Power

Unit S63-5004**129.99**
Replacement Filter S63-5006**34.99**

vivid AirKleen

Office/Waiting Room Air Purifiers

- High-Efficiency Composite Multilayer Filtration System
- Releases a high concentration of negative ions
- Sleep/Working mode
- Faster, stronger and more efficient than purification
- Touchscreen control

Ideal for use in bedrooms, kitchens, hotels, schools, offices, entertainment venues, etc. Featuring 4W 254nm UV Sterilizer 35 watt power Ideal for rooms 1,250-1,750 cubic feet.

Unit S63-5000**89.99**
Replacement Filter S63-5002**16.99**

vivid® AerosolVac™

Aerosol Suction Unit with 360° Maneuverable Arm

Best Seller

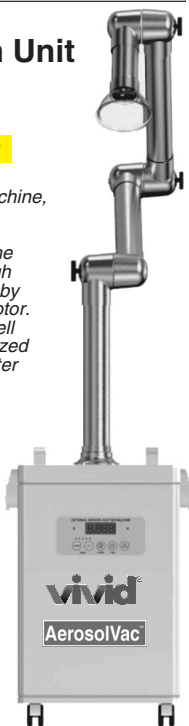

Mobile extra-oral suction machine, which quickly, filters spray, aerosol, bacteria, and other harmful substances during the treatment, by utilizing the high negative pressure produced by a brushless direct current motor. Filters out 99.97% of the smell and aerosol through customized H13 HEPA highly efficient filter and active carbon filter.

The final stage is through the UVC photo oxygen catalytic sterilization module, which sterilizes and expels it to the outside. Tower-like filters to purify the air.

Improves the cleanliness of the treatment environment, reduces the rate of viral cross infection, and thus achieve the goal of fighting infection.

- 360° Rotation Arm

Unit S22-1000 **999.00**

vivid® AerosolHunter™

Aerosol Suction Unit

with 360° Maneuverable Arm

- Activated carbon + molecular sieve desiccant + high efficiency filter cotton (secondary filter) (three-level filter)
- Negative pressure fan
- UV disinfection/plasma sterilizer
- Exhaust port

Unit I52-0004 **999.00**

Aerosol Suction Unit with 360° Maneuverable Arm

Compact & Powerful

Rogin Extraoral Suction Unit is a machine with super suction can help clean the air and kill virus. With it, dentists, nurses and patients will not be afraid of the residual environment of bacterial aerosol

and droplets to protect the safety. Reduces cross infection during the whole treatment process. It can be used not only at clinics but also homes, schools and any places where needs fresh air.

Unit R38-0850 **999.00**

Dynamic DS1000 Aerosol Suction Unit with 360° Maneuverable Arm

Powerful 1200 watts Suction Power

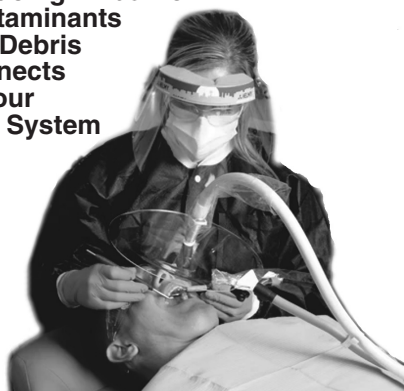

During treatment, doctors may use ultrasonic scalers, 3-way syringes, high and low speed handpieces and many other types of equipment spray to generate a large amount of water mist combined with bacteria, saliva, and blood from the patients mouth which will produce aerosols.

- Maximum Vacuum 20 Kpa
- Maximum Airflow 3,000L/min
- Cleans air 4 different : UV Light + Filter + Plasma
- HEPA Filtration Efficiency 99.99% <60dB
- **Most Powerful Suction**

Unit J22-0002 **1,299.00**

Reducing Airborne Contaminants and Debris Connects to your HVE System

It's Not Just a Vacuum — It's a Shield

- Captures up to 95% of expelled dental aerosols in advance of personal protective equipment (PPE)
- Fast & easy retrofit with any existing dental chair and HVE setup
- No expensive capital equipment necessary - eliminating bulky, noisy devices in the operator's space is a premium
- Utilizes adjustable arm attached to a shield that stays steady where positioned, making two-handed hygiene possible without an additional assistant to hold HVE

Made in USA

Unit T34-1000 **329.00**

Contains: 4 each - 12" & 10" barrier shields, 2 - 8" barrier shields, 50 - HVE insert adapters - single-use, 3 - Arm-to-HVE tubing clips

DIRECTA CareShield

- Reduces the spread of aerosols and droplets
- Keeps personal protective equipment from cross contamination

- Improves the overall experience of your patients and your staff
- Features a single use, disposable shield and an autoclavable connector
- Stays in place with an easy to set up Handsfree Stand

Unit J40-3332 **112.50**

Contains: Unit, 5 connectors, 100 shields

Safety Suction

Aerosol Protection with HVE Suction Power

Safety suction type 1 style handle and reusable tubing.

XCEL SEMINARS

17th Annual Comprehensive Dental Skills Series

NOW as a LIVE WEBINAR Series w/LIVE CE Units

Dec. 13, 2020: A Comprehensive Review of Pediatric Dentistry for GPs and Staff *Dr. Lance Kisby has practiced & taught for 35 years, started two pedo residency programs and edited the Journal of Pediatric Dentistry.*

Jan. 31, 2021: Try THIS Instead of THAT- Exquisite Dentistry for 2021 *Dr. Peter Auster uses the latest technology, materials, and techniques to create a free moving, collaborative day for his audience. He was featured on the cover of Dentistry Today Magazine and recently completed two terms on the board of directors of the American Academy of Cosmetic Dentistry and chair of their leadership committee.*

Feb. 21: Comprehensive Endodontic Update for GPs *Dr. Robert Salehrabi is an associate professor of clinical endodontics at USC and author of articles in the Journal of Endodontics and other peer-reviewed journals. He received the International Endodontic Federation Research Award and was also awarded the "Outstanding Teaching Award" by USC School of Dentistry. He practiced as a GP for more than a decade before becoming an endodontist and has presented practical seminars and lectures for GPs & endodontists nationwide and internationally.*

March 21: Dental Pharmacology- What Dentists Should Know (including Opioids, Cannabis & Addiction training, mandated by a number of state dental boards) *Dr. Patrick Quaranta is back by popular demand for a new subject (even if you have taken his previous courses you do NOT want to miss this one)! He is a former professor of Oral Medicine at UMDNJ-New Jersey Dental School.*

ALL LIVE WEBINARS ARE ON SUNDAYS, 8AM-2:30 PM PACIFIC TIME AND 7 LIVE CE UNITS - TUNE IN AND ENJOY OUR COURSES FROM ANYWHERE!

\$149 FOR EACH LECTURE OR THE ENTIRE 4 COURSE SERIES, 28 CA APPROVED LIVE CEs, FOR ONLY \$399!!

WEBINAR!**

COURSE SERIES
SPONSORED BY:

VOCO
THE DENTALISTS

COURSE TOPICS

Comprehensive Review of Pediatric Dentistry: *This course is designed to give dentists and hygienists the tools to treat children in their practice and help make pediatric dental visits less stressful for everyone including the staff and the parents. Topics include:* How to do a thorough pediatric dental exam ♦ Reimagined psychological behavior management techniques ♦ Caries formation and prevention ♦ Common Pediatric oral pathology treatment ♦ Common eruption problems and proper treatment ♦ Pulp therapy in primary and young permanent teeth ♦ Restorative dentistry, materials, and when not to drill ♦ Review and discussion of the contemporary concepts in the biology, management, treatment, and prevention of traumatic injuries

Try This Instead of That: *Dentistry is changing...really fast, especially with the Covid-19 pandemic. This rapid moving, info-driven presentation will send attendees home with LOTS of pearls to move your practice into the 2020s. Better, less expensive products; Delta busters; brand new techniques; digital alternatives; large equipment to buy or NOT TO BUY – all come together in a fun, interactive day. Learning Objectives Include:* Learn how to cut through the marketing and find the BEST products ♦ Experience Groundbreaking new composites, bulk fills, post cores, perfect contact matrixes ♦ How to pick the RIGHT digital scanner for your practice or none at all ♦ Learn why I sold a brand-new diode laser on eBay and bought a better one ♦ Discover better/less expensive loupes ♦ Why are zirconia crowns falling off? Discover the right cements and cement protocol for every material, 2021 (NEW UPDATE!) ♦ Bioactive, biomimicry basics - starting now ♦ Learn about an AMAZING treatment for anterior decalcification ♦ Fight back at PPOs with in house plans; better coding; and fee negotiators ♦ The BEST practice management tips to bring patients in and keep them.

Comprehensive Endodontic Update for GPs: *This unique course will go through numerous case studies and interactively discuss different treatment options for the same case situations to help GPs improve all aspects of their endodontic care. Learning Objectives Include:* Describe the importance and details of endodontic diagnosis and case selection ♦ List cases that should be referred vs. cases that could be addressed in a GP setting ♦ Discuss the latest endodontic innovations and how they impact the long-term success of the endodontic therapy ♦ Outcome assessment & what is affecting treatment outcomes? ♦ Diagnosis and treatment planning ♦ Rational, evidence-based case selection ♦ Endo-perio interrelationship ♦ Procedural errors and their prevention ♦ Diagnosis of cracked teeth and treatment options ♦ Endodontic retreatment vs. implants—when, where and how to decide ♦ Dentin replacement materials and their applications in complex cases ♦ Restoring endodontically treated teeth with bonded core composites

Dental Pharmacology with Opioids and Cannabis-What Dentists Should Know: *Dentists oversee the treatment and management of acute and chronic pain and relieving anxiety in connection with dental treatment. Increased awareness of the addiction potential of opioids has resulted in many new laws and guidelines for the prescribing of these medications. Although dentists are not usually involved in the prescribing or dispensing of cannabis products, as health care professionals we should have a working knowledge of these substances. Information presented will include:* The latest biomedical ramifications of addiction/substance, including the disease model of addiction, biopsychosocial predispositions, and genetic susceptibilities ♦ The concepts of tachyphylaxis (drug tolerance), psychological dependence, physical dependence and the drugs used in the short-term treatment of substance abuse detox-withdrawal syndromes ♦ Opioid use and misuse ♦ New guidelines and laws regarding the prescribing of opioids as well as the DEA scheduling of drugs ♦ The nature of cannabinoids, natural and synthetic ♦ CBD and the OTC CBD oil craze ♦ An understanding of CBD labeled products ♦ The dangers of super-high potency marijuana preparations ♦ Cannabinoid drugs and common side effects as well as adverse effects
