

CA. INST. of EDUCATION

Introduction to FULL ARCH IMPLANT reconstruction: Surgical and Prosthodontic WORKSHOP

A comprehensive workshop that involves:

- Lectures on full arch implant reconstruction
- Review of current and basic literature on full arch implant supported prosthesis
- **CADAVER** workshop on surgical implant placement
- **CONVERSION PROSTHESIS** hands-on fabrication
- Review of clinical and laboratory steps in fabricating full arch implant prosthesis
- Current treatment concepts in full arch implant reconstructions
- Principles for merging conventional and digital technology when fabricating full arch implant supported prosthesis

Periklis Proussaefs DDS, MS

Dr. Proussaefs is a prosthodontist and Associate Professor at Loma Linda University. He is the founder of the California Institute of Dental Education. He has published over 55 peer-reviewed articles related to implant and prosthetic dentistry. Dr. Proussaefs has been editorial board member in several scientific journals with high impact factor. His seminars have an evidence-based approach enriched with his 20+ years of experience in advanced implant dentistry.

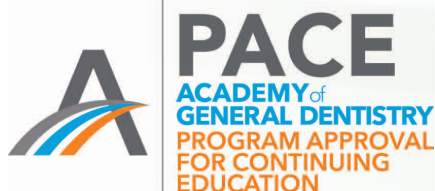

Dr. Angelo Cardarelli

Dr. Cardarelli has been specialized in Oral surgery at the Sapienza University of Rome. He has been an Adjunct Professor at the San Raffaele University of Milan. He maintains a private practice in Milan limited to implant dentistry. He has been lecturing internationally on topics related to complete arch implant reconstruction.

"Adding oral sedation to my skill set transformed my practice."

This course changed everything, I am now treating phobic patients who have neglected their teeth for years and the new patient referrals keep coming."

— John Magnis DDS, Oxnard, CA

- Expand your practice/patient base by offering oral sedation for adults
- Preserve fearful adult patients and related productivity
- Perform dental work in fewer appointments
- Perform longer treatment sessions comfortably
- Will teach you SAFE guidelines for oral sedation for adults
- LIVE patient demonstration
- **California Dental Board approved course**
- **Course meets ADA guidelines; qualifies for most States for Oral (minimal) sedation permit***

*Check with your individual state for requirements for issuing an oral (minimal) sedation permit

Periklis Proussaefs DDS, MS

is a prosthodontist and Associate Professor at Loma Linda University. Dr. Proussaefs has received formal training in all forms of sedation since 1997. He has been providing dental care under I.V. (moderate) or oral (minimal) sedation. His seminars focus on patient safety, airway management, monitoring, and handling emergencies. The course involves lecturing, hands-on training on a manikin, and real patient experience.

"Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you."

—Anna Durkin DDS, general dentist, San Marcos, CA

"A definite must take class for any dentist to further your career. You will learn a lot."

—Kevin Chou DDS, general dentist, Bakersfield.

COURSE TOPICS

Comprehensive Endodontic Update for GPs: *This unique course will go through numerous case studies and interactively discuss different treatment options for the same case situations to help GPs improve all aspects of their endodontic care.*

Learning Objectives Include: Describe the importance and details of endodontic diagnosis and case selection ♦ List cases that should be referred vs. cases that could be addressed in a GP setting ♦ Discuss the latest endodontic innovations and how they impact the long-term success of the endodontic therapy ♦ Outcome assessment & what is affecting treatment outcomes? ♦ Diagnosis and treatment planning ♦ Rational, evidence-based case selection ♦ Endo-perio interrelationship ♦ Procedural errors and their prevention ♦ Diagnosis of cracked teeth and treatment options ♦ Endodontic retreatment vs. implants—when, where and how to decide ♦ Dentin replacement materials and their applications in complex cases ♦ Restoring endodontically treated teeth with bonded core composites

Dental Pharmacology with Opioids and Cannabis-What Dentists Should Know: *Dentists oversee the treatment and management of acute and chronic pain and relieving anxiety in connection with dental treatment. Increased awareness of the addiction potential of opioids has resulted in many new laws and guidelines for the prescribing of these medications.*

Although dentists are not usually involved in the prescribing or dispensing of cannabis products, as health care professionals we should have a working knowledge of these substances. Information presented will include: The latest biomedical ramifications of addiction/substance, including the disease model of addiction, biopsychosocial predispositions, and genetic susceptibilities ♦ The concepts of tachyphylaxis (drug tolerance), psychological dependence, physical dependence and the drugs used in the short-term treatment of substance abuse detox-withdrawal syndromes ♦ Opioid use and misuse ♦ New guidelines and laws regarding the prescribing of opioids as well as the DEA scheduling of drugs ♦ The nature of cannabinoids, natural and synthetic ♦ CBD and the OTC CBD oil craze ♦ An understanding of CBD labeled products ♦ The dangers of super-high potency marijuana preparations ♦ Cannabinoid drugs and common side effects as well as adverse effects

TUITION	2 COURSE SERIES	EACH INDIVIDUAL COURSE
More than 14 days before an event	Dentist: \$269, Staff: \$199	Lecture Dentist: \$149, Staff: \$129
Less than 14 days before an event	Dentist: \$289, Staff: \$219	Lecture Dentist: \$169, Staff: \$149
