

The logo features the text "XCEL SEMINARS" in a bold, black, serif font, centered within a light orange oval. This oval is surrounded by a thick, yellow rope with a black outline, which is knotted at the top and bottom. The entire design is set against a solid brown background.

XCEL SEMINARS

17th Annual Comprehensive Dental Skills Series

NOW as a LIVE WEBINAR Series w/LIVE CE Units

Jan. 31, 2021: Try THIS Instead of THAT- Exquisite Dentistry for 2021 *Dr. Peter Auster uses the latest technology, materials, and techniques to create a free moving, collaborative day for his audience. He was featured on the cover of Dentistry Today Magazine and recently completed two terms on the board of directors of the American Academy of Cosmetic Dentistry and chair of their leadership committee.*

Feb. 21: Comprehensive Endodontic Update for GPs *Dr. Robert Salehrabi is an associate professor of clinical endodontics at USC and author of articles in the Journal of Endodontics and other peer-reviewed journals. He received the International Endodontic Federation Research Award and was also awarded the "Outstanding Teaching Award" by USC School of Dentistry. He practiced as a GP for more than a decade before becoming an endodontist and has presented practical seminars and lectures for GPs & endodontists nationwide and internationally.*

March 21: Dental Pharmacology - What Dentists Should Know (including Opioids, Cannabis & Addiction training, mandated by a number of state dental boards) *Dr. Patrick Quaranta is back by popular demand for a new subject (even if you have taken his previous courses you do NOT want to miss this one)! He is a former professor of Oral Medicine at UMDNJ-New Jersey Dental School.*

COURSE TOPICS

Try This Instead of That: *Dentistry is changing...really fast, especially with the Covid-19 pandemic. This rapid moving, info-driven presentation will send attendees home with LOTS of pearls to move your practice into the 2020s. Better, less expensive products; Delta busters; brand new techniques; digital alternatives; large equipment to buy or NOT TO BUY – all come together in a fun, interactive day.* **Learning Objectives Include:** Learn how to cut through the marketing and find the BEST products ♦ Experience Groundbreaking new composites, bulk fills, post cores, perfect contact matrixes ♦ How to pick the RIGHT digital scanner for your practice or none at all ♦ Learn why I sold a brand-new diode laser on eBay and bought a better one ♦ Discover better/less expensive loupes ♦ Why are zirconia crowns falling off? Discover the right cements and cement protocol for every material, 2021 (NEW UPDATE!) ♦ Bioactive, biomimicry basics - starting now ♦ Learn about an AMAZING treatment for anterior decalcification ♦ Fight back at PPOs with in house plans; better coding; and fee negotiators ♦ The BEST practice management tips to bring patients in and keep them.

Comprehensive Endodontic Update for GPs: *This unique course will go through numerous case studies and interactively discuss different treatment options for the same case situations to help GPs improve all aspects of their endodontic care.* **Learning Objectives Include:** Describe the importance and details of endodontic diagnosis and case selection ♦ List cases that should be referred vs. cases that could be addressed in a GP setting ♦ Discuss the latest endodontic innovations and how they impact the long-term success of the endodontic therapy ♦ Outcome assessment & what is affecting treatment outcomes? ♦ Diagnosis and treatment planning ♦ Rational, evidence-based case selection ♦ Endo-perio interrelationship ♦ Procedural errors and their prevention ♦ Diagnosis of cracked teeth and treatment options ♦ Endodontic retreatment vs. implants—when, where and how to decide ♦ Dentin replacement materials and their applications in complex cases ♦ Restoring endodontically treated teeth with bonded core composites

Dental Pharmacology with Opioids and Cannabis-What Dentists Should Know: *Dentists oversee the treatment and management of acute and chronic pain and relieving anxiety in connection with dental treatment. Increased awareness of the addiction potential of opioids has resulted in many new laws and guidelines for the prescribing of these medications. Although dentists are not usually involved in the prescribing or dispensing of cannabis products, as health care professionals we should have a working knowledge of these substances. Information presented will include:* The latest biomedical ramifications of addiction/substance, including the disease model of addiction, biopsychosocial predispositions, and genetic susceptibilities ♦ The concepts of tachyphylaxis (drug tolerance), psychological dependence, physical dependence and the drugs used in the short-term treatment of substance abuse detox-withdrawal syndromes ♦ Opioid use and misuse ♦ New guidelines and laws regarding the prescribing of opioids as well as the DEA scheduling of drugs ♦ The nature of cannabinoids, natural and synthetic ♦ CBD and the OTC CBD oil craze ♦ An understanding of CBD labeled products ♦ The dangers of super-high potency marijuana preparations ♦ Cannabinoid drugs and common side effects as well as adverse effects
