# Over 150 5-star Avvo<sup>®</sup> reviews!

"Mr. Olson handled the formation of our partnership four years ago and recently when I retired, he took care of the sale of my dental practice to my partner. Everything went very smoothly as Mr. Olson well experienced and very knowledgeable. He was on top of everything we needed to do and was quick to answer our questions and suggest how we could make the sale an easy transition. After the sale was complete, he didn't stop there but followed up with forms we needed to submit to various Federal, State, and local entities. Thanks, Bob, for guiding us through this legal maze!"

# We did a survey... here's what our clients liked best about Dr. Kempler and Thomas & Fees Practice Sales:

- #1 Your knowledge and know-how. "Because you are a successfully retired dentist, you understand the differences between one practice and another. Most salespeople are clueless about dentistry."
- #2 Your honesty. "You told me the truth, and everything turned out just like you said."
- #3 Personal attention. "I liked dealing with you AND ONLY YOU! No frustrating and time-wasting calls with folks that didn't know anything about my situation or dentistry."

"I can't say enough good things about Chester. He really helped me go through a challenging transition in order for me to chase my dreams of living in Hawaii. I had a great associate who did not have a lot of years of experience and was interested in purchasing my practice. Because this was his first transition, he had advisors that were not dental specialists. As you could imagine, that made things difficult. Chester helped me navigate the frustrations and challenges of dealing with their team and was super responsive in all his communications to both me and the other party. He noticed a few discrepancies and cleared them up swiftly. He also helped accomplish this in a very short period of time!" Tony K.

# of Your Dental Practice . . . Timing Can Be Everything

# WHAT IS MY PRACTICE WORTH?

times 85% minus \$50,000).

That requires a complex answer. It is easier to say what it is not worth.

Practice prices have been steadily declining over the past couple of years for a

number of reasons. First, bank financing has become more restrictive with no major dental practice lender loaning more than 85% of the average gross collections (or current collections if the collections are declining) including working capital or accounts receivable. Since buyers today have such significant student loan debt, very few are in a position to provide any down payment or their own working capital. As such, all buyers are borrowing the full purchase price plus the needed working capital. Therefore, if your practice collects \$600,000 per year and the buyer will need \$50,000 in working capital (one month's collections) the most that your practice can sell and secure financing for is \$460,000 (\$600,000

Beware of any broker promising 100% of gross collections, as those valuations are not attainable. Those numbers have not been seen for many years and even then they included the accounts receivable, which is trading your money for their money minus a commission. Don't allow greed to mislead. Have the facts. If your practice has been for sale for more than three months, something is wrong. If you are considering the sale of your practice, get references from your prospective brokers and call them to see what value they were given at the time of the listing, how long it took to sell the practice and, ultimately, at what price. Selling in a reasonable amount of time at full price suggests that the practice was realistically priced from the beginning and not a "bait and switch" listing technique. Remember, dental practice buyers are not that different from home buyers, those that are serious and qualified are out there looking. As a result, the first buyers are usually your best buyers.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

"I would VERY enthusiastically like to recommend Greg Beamer as your broker! He listed my practice, found a cash buyer and we closed in less than 90 days! I found Greg to be VERY HONEST and VERY HARD WORKING, VERY RESPONSIVE (he responded to my many questions, quickly and almost 24hrs/day!) and PROFESSIONAL!! I met or talked with some of the major brokers and wondered if their previous profession might have been selling cars. Greg was a breath of fresh air! I would HIGHLY endorse him!"

"I interviewed several Dental Practice Brokers when I decided it was time to retire. Greg Beamer is the best and most trusted Dental Practice Broker you can hire. In selling my 42 year dental practice and building, I figured it'd take months. Instead within 10 minutes of Greg's E. Mail blast, I had received multiple offers- one of which ended up being the ultimate buyer of my practice. Greg and Ellen will professionally guide you through the entire process. YOU know Dentistry, THEY know Practice Sales!!!! They're the absolute best."

Stephen M. Lojeski, DDS Arcadia

"Greg helped me purchase my practice in 1997, and then sold it a few months ago when I retired. I had my buyer within 8 days of the practice being listed!
