Over 165 5-star Avvo® reviews!

"Robert Olson has been my attorney for several business deals. I've referred clients to him for years and appreciate his skill, care, and judgement in all things legal. Bob is a no-nonsense kind of guy who understands the nuances of successful mergers and acquisitions. He has that necessary quality, however uncomfortable, to sleuth out the potential problems or complications in a proposed transaction, and deal with them BEFORE they cause hardships. I'm a big picture guy so I need someone like Bob looking out for my best interests. Bob has, for many years, excelled in helping me prevent problems before they occur. Thanks for another job well done Bob!"

I believe Dr. Maddox is the best lawyer! I've been working with him for more than 10 years. He is very reliable, quick and honest. I believe that he is the best in his profession because he has extensive knowledge regarding both the law and dental aspects of the transactions, which means he can understand the reality of what you are going through. He always looks out for the best interest of his clients. He will defend and protect you like no other.

Hendrick Gonzalez, DDS - 9/25/18

I have used Lee's advice over the last 30 years, starting with reviewing my multiple office leases, associate agreements and finally with establishing a successful partnership agreement. Lee's advice is always fair and I respect his view of creating a "win-win" formula. I have and will continue to recommend his professional advice to all my dental colleagues!

Ari Rosenblatt, DDS, DMD

Dr. Maddox is a consummate professional. From our first discussion, I had the feeling that he was prepared for anything. He mentioned that every transaction is unique and will have its own twists and turns. He emphasized that the sales contract will address most if not all of these unpredictable events. Our sale went sideways at the 11th hour. Lee talked me off the ledge and was able to restructure the deal (at no additional cost) and eventually closed. I would recommend Dr. Maddox's services to anyone in the position of buying or selling a practice.

WANT TO BE A PRACTICE OWNER?

In the past, first time buyers had no problems making a decision. If a practice was located near where they wished to live and the economics penciled out, Offer submitted and practice acquired.

Many of today's want-to-be owners are so concerned about making a bad purchase decision, they simply cannot make a decision. Such buyers kick tires year-after-year while walking away from great opportunities. In contrast, dentists who own a practice, are quick to make Offers on another practice to expand their network. What is the difference?

Growing practice owners have confidence in their abilities and are not concerned about risk. They know which procedures they wish to deliver and they know they can hire dentists to infill the other areas. In contrast, many first time buyers lack confidence and are unable to take that leap of faith.

To assist you in becoming a practice owner, engage the best dental accountant you can find as your Advocate. Find someone who has

been in the trenches a long time. Align with an established dental accounting firm as within that firm they have witnessed hundreds of transactions. They have superstar clients who have created successful Centers of Excellence. They have a collective data base that shall be a huge asset in your search in acquiring a practice. They understand "best practice" applications.

As your Advocate gets to know your designs on a to-be acquired practice, they can quickly ascertain if an opportunity is a good fit, if it is properly priced and if it warrants serious attention. They also understand what that practice can do if properly tweaked. They further know all of the players in this industry; the brokerages, the agents, lenders, consultants, attorneys, escrow agents, etc. And they are looking after your best interests as your fiduciary.

Consumers deserve optimum oral healthcare. For this to happen, the profession needs you to transition from wanting to buy a practice to being a practice owner. Thousands have done this. Why not you?
