Your practice is one of your most important assets. DO YOU KNOW WHAT IT'S WORTH?

While no one likes to think about it, things do happen and it's always important to be prepared.

Knowing your practice's value can make the difference between selling your practice or having it become unsellable. That is why practice owners should have an up-to-date practice valuation.

A **Henry Schein Dental Practice Transitions** valuation considers both tangible and intangible assets of the practice and can provide the many key factors which influence the practice's value.

To get started on your practice valuation or schedule a complimentary consultation, give us a call at **888-557-5891** or scan the QR code.
