LIVE CEs, FOR ONLY \$399!!**

COURSE TOPICS

Preventive and Restorative Dentistry Working in Concert for the Best, Most Predictable Outcomes: *This course will cover strategies to help your patients from prevention of dental caries to restorative strategies that offer long-term results. Clinical results and the profit potential of a caries management program alongside comprehensive restorative treatment planning and implementation will be covered. Cases will be discussed in depth and attendees will be able to participate in the evaluation of patients for caries risk, risk management, documentation and restorative treatment.*

Minimum Dentistry Maximum Results: *This course will provide participants with creative solutions to enhance patients' esthetics through minimally invasive dental products and procedures. The participants will learn how to obtain outstanding functional and esthetic results while biologically respecting the hard and soft tissues.* Direct bonded restorations will be discussed in detail from both the clinician's & patient's viewpoints. Objectives include: Learn to conservatively treatment plan and sequence procedures for predictable esthetic & functional results ♦ Learn to combine different treatment modalities and products to achieve conservative yet outstanding esthetic and functional results ♦ Learn simple techniques to expand the use of direct composite restorations

Dental Implants for GPs: *Dr. Fraser demystifies implant dentistry & shows offices how to integrate this vital procedure into their practice. More importantly, he shows how to make implant dentistry cost-effective, efficient, and affordable for patients. After all, people want teeth - not dental implants! Designed for the general dentist, attendees will learn the importance of treatment planning, diagnostics, and radiographic interpretation. This course covers procedures such as single tooth replacement, overdentures, and multiple tooth replacement in easy-to-follow, step-by-step protocols. Objectives include:* Guide the patient through the decision of fixed vs. removable prosthesis ♦ Understand the appropriate use of traditional vs. mini-implants ♦ Analyze CBCT scans to identify ideal sites for implants ♦ Evaluate the anatomical limitations of each case ♦ Learn chairside techniques for denture locator attachments ♦ Discuss bone biology and osseointegration for clinical success ♦ Perform the pre-implant oral, anatomical & radiographic exam ♦ Modify an existing denture to utilize implants ♦ Prepare the surgical site for the placement of 2-4 implants ♦ Select the optimal retention attachment to achieve desired results

Adult Oral Sedation Certification COURSE

"Adding oral sedation to my skill set transformed my practice."

This course changed everything, I am now treating phobic patients who have neglected their teeth for years and the new patient referrals keep coming."

— John Magnis DDS, Oxnard, CA

- Expand your practice/patient base by offering oral sedation for adults
- Preserve fearful adult patients and related productivity
- Perform dental work in fewer appointments
- Perform longer treatment sessions comfortably
- Will teach you SAFE guidelines for oral sedation for adults
- LIVE patient demonstration
- **California Dental Board approved course**
- **Course meets ADA guidelines; qualifies for most States for Oral (minimal) sedation permit***

*Check with your individual state for requirements for issuing an oral (minimal) sedation permit

Periklis Proussaefs DDS, MS

is a prosthodontist and Associate Professor at Loma Linda University. Dr. Proussaefs has received formal training in all forms of sedation since 1997. He has been providing dental care under I.V. (moderate) or oral (minimal) sedation. His seminars focus on patient safety, airway management, monitoring,

and handling emergencies. The course involves lecturing, hands-on training on a manikin, and real patient experience.

"Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you."

—Anna Durkin DDS, general dentist, San Marcos, CA

"A definite must take class for any dentist to further your career.

You will learn a lot." —Kevin Chou DDS, general dentist, Bakersfield.
