"I was hesitant to embrace the plan Doctor Genius proposed but knew I needed to do something different.

My practice had plateaued. Their program worked exactly as they said it would. My practice went from producing

\$500K a year to \$775K and continues to grow quarterly. Their projections were spot on. Wish I had started this sooner."

“JoAnne Tanner has a unique program for purchasers of dental practices. I will not let one of my buyer clients proceed without obtaining the report that Tanner Management prepares about a dental practice they are considering for purchase. Your accountant can look at tax returns and financial statements, but Tanner Management looks at the practice from a management and clinical perspective. I highly recommend that you engage JoAnne's services.”

Serving the needs of dentists

We recently sold our Perio practice of 45 years. It was a pleasure working with Dr. Maddox and his expert team. His calm demeanor during this stressful process was invaluable. We could not have done it without him. We highly recommend Dr. Maddox. It was a great experience working with Lee.

"Moving to Southern California from New York and starting a practice was not easy. I am thankful to Dr. Proussaefs who made the process of transitioning a practice so easy. His expertise in the field are unmatched, especially because he combines knowledge both on the business aspect and on the dental field as well. He was very responsive and very well versed on what needs to be done in every step while I was transitioning into the practice. It has been a privilege for me to have his guidance throughout the process, he knows dental office transitions like no one else".
