Over 150 5-star Avvo[®] reviews!

I hired Mr. Olson to help me with the sale of my dental practice. From the very start he advised me in a proactive way what to do. He looked over and revised the purchase offer and generated the purchase and sales agreement to my satisfaction. He advised me regarding the lease transfer and tax issues. He spoke with the buyer's attorney to clarify any issues. He was very accessible and answered phone calls and emails promptly. Overall, he did everything in an excellent manner, and I strongly recommend him.

We did a survey... here's what our clients liked best about Dr. Kempler and Thomas & Fees Practice Sales:

- #1 - Your knowledge and know-how.** "Because you are a successfully retired dentist, you understand the differences between one practice and another. Most salespeople are clueless about dentistry."
- #2 - Your honesty.** "You told me the truth, and everything turned out just like you said."
- #3 - Personal attention.** "I liked dealing with you AND ONLY YOU! No frustrating and time-wasting calls with folks that didn't know anything about my situation or dentistry."

Over 3,000 formal complaints are filed with the Calif. Dental Board every year

"I can't say enough good things about Chester. He really helped me go through a challenging transition in order for me to chase my dreams of living in Hawaii. I had a great associate who did not have a lot of years of experience and was interested in purchasing my practice. Because this was his first transition, he had advisors that were not dental specialists. As you could imagine, that made things difficult. Chester helped me navigate the frustrations and challenges of dealing with their team and was super responsive in all his communications to both me and the other party. He noticed a few discrepancies and cleared them up swiftly. He also helped accomplish this in a very short period of time!" Tony K.

LEE SKARIN AND ASSOCIATES...

the Name Dentists have Trusted Most Since 1959.

CORPORATE DENTISTRY: IS IT RIGHT FOR YOU?

Over the past decade, there has been an resurgence of corporately owned dental offices and with that the salaried employment of dentists. This has its pluses and minuses. First, let's face it, not all dentists do well owning their own practices. While some do extremely well, others lack the necessary business acumen, have poor social skills, struggle with communication, or any of a number of issues that are completely unrelated to the competent practice of dentistry. Not everyone has financially successful practices. For these dentists, corporate dentistry is ideal. No need to worry about patient flow, staff or meeting your overhead. Drill, fill, get a check and go home.

Corporate dentistry does have its drawbacks. First, like a couple of specialists working for one of the largest corporate offices recently discovered, you can find your contract cut by 20% or eliminated completely putting you back on the street looking for a job. Second, you have no job security. The aging practitioner is easily replaced by the younger, faster and, most importantly, cheaper dentist. Third, you have no equity. No accumulated asset value. Fourth, these corporate entities have a history of blowing up and going broke putting everyone out of work overnight. Fifth, a majority of corporate dental offices are located in areas where other dentists don't want to practice, which is why you see clusters of corporate practices near each other. While the sale of a dental practice will not fund anyone's retirement, it is a nice chunk of change at the end of one's working life as a reward, if you will, for having built a successful practice.

Salaried, corporate positions may sound appealing, but before you give up on private practice weigh the pros and cons thoroughly.

"I met Levi at CDA earlier last year at a practice acquisition seminar. Right from the start, I knew he'd be a valuable resource for our practice acquisition. He went into specific details of how the process would play out and his role. He guided us the entire way even during some of the most difficult parts of the negotiations. We are so grateful for everything he did for us. I couldn't imagine going through the practice acquisition process without him."

- Arash Attarian, MBA

Dear Arash, thank you for the trust you and Dr. Manavi placed in my hands and congratulations on the new start. My practice is nothing without the work entrusted to me by clients like you. I never forget this point. I look forward to your continued success.

"A definite must take class for any dentist to further your career. You will learn a lot."

- Kevin Chou DDS, general dentist, Bakersfield.

Dear Dr. Periklis Proussaefs, Thank you for the wonderful course. I was doing conscious sedation for many years and took several renewal courses. Yours was indubitably the best. Very informative. Extremely to the point. Clear and very captivating. I learned a lot this Sunday and started work on Monday refreshed, energetic, and eager to use all my new knowledge. I strongly recommend this course to doctors who are willing to introduce sedation to their practice or the ones who need renewal. Thank you.

Anna Durkin DDS, general dentist, San Marcos, CA

"An oral sedation course that is practical. The difference between this course and any other course I have seen is the instructor is a true clinician that performs dentistry and surgery every day. His course is very practical, safe, and predictable way of performing oral sedation. Thank you Dr. Proussaefs, I finally feel comfortable performing oral sedation as a general dentist."

Doctors - the Covid19 issue has caused all of us to adapt to many changes in our practices and lifestyles. Ellen and I want to share with you that while some of the lending institutions had to realign themselves, the market has continued to be strong. Many Sellers are booked out weeks in advance. Sales are still taking place, good practices are still in demand, and we have a number of buyers who are looking to buy and own their own practices. We are lucky to live in SoCal, where there is an ever-present population that needs your skills. Have faith and stay focused. These are the times when the best rise to the top.

I believe Dr. Maddox is the best lawyer! I've been working with him for more than 10 years. He is very reliable, quick and honest. I believe that he is the best in his profession because he has extensive knowledge regarding both the law and dental aspects of the transactions, which means he can understand the reality of what you are going through. He always looks out for the best interest of his clients. He will defend and protect you like no other.

I have used Lee's advice over the last 30 years, starting with reviewing my multiple office leases, associate agreements and finally with establishing a successful partnership agreement. Lee's advice is always fair and I respect his view of creating a "win-win" formula. I have and will continue to recommend his professional advice to all my dental colleagues!
