Sunday, September 21, 2008 8am to 4pm

Registration 7:00 am to 8 am

Embassy Suites Hotel-Anaheim South

11767 Harbor Blvd., Garden Grove, California 92840 Phone: 714- 539-3300

John N. Groper, DDS, M.S.

Dr. John Groper is a clinical professor of pediatric dentistry at USC and was twice named "faculty person of the year." He is a past chairman of the division of pediatric dentistry and has been associated with the school for 43 years. He holds fellowship in the American Academy of Pediatric Dentistry, American College of Dentists, and is a diplomat of the American Board of Pediatric Dentistry. Dr. Groper is the author of 19 articles and is a member of the OKU scholastic honor society. At the present time he is an attending dentist at Children's Hospital in Los Angeles and is a member of the naso-alveolar molding team.

You will learn:

- Minimally invasive pediatric dentistry
- Primary anterior trauma treatment
- Primary anterior restorations & pulp therapy
- The Groper appliance
- Anterior radiographic interpretation in pediatric dentistry
- Oral soft tissue lesions in children
- Naso-alveolar molding on cleft lip & palate in infants
- Minor orthodontic tooth movement

Robert Salehrabi, DDS: Associate Professor of Clinical Endodontics at USC School of Dentistry, Recipient of the International Endodontic Federation Research Award

Sunday, September 14, 2008

**Holiday Inn Buena Park
(Minutes from Disneyland and Knott's Berry Farm)**

**7 Hours of CE Credit
Early Registration Price of \$129**

Drs. Bogan and Salehrabi are not associated with any manufacturer, supplier, or retailer of dental instruments or materials.

Course Synopsis:

The past fifteen years have seen endodontics change and advance dramatically. More patients are benefiting from these advances than ever before. This seminar will provide the latest practical information regarding endodontic diagnosis and treatment.

Topics to be covered:

- Outcome assessment—how successful is endodontics?
- Diagnosis and treatment planning
- Rational, evidence-based case selection in endodontics
- Safe and effective use of rotary instrumentation
- Endodontic-periodontic interrelationship
- Procedural errors and their prevention
- MTA and its many applications in complex cases
- Restoring endodontically treated teeth with bonded core composites

7 Hours of California Board CE Credit
