Please call 909-860-9225

www.LiveImplantSurgery.com

Dr. Jin Y. Kim is a dual-board certified specialist, who limits his practice to periodontics and dental implants.

A philosophy that, *"better dentistry is delivered by better trained dentists"* had been the sole driving force behind educational programs provided by Dr. Jin Kim and his colleagues over the many years.

Course held at Dr. Kim's private practice office: 620 N. Diamond Bar Blvd. Diamond Bar CA 91765

Program features Biohorizons™ Straumann™ & Dowell™ products

Since

Tuition: \$500 per session; \$2,550 for all 6 sessions

MARCH 4, 2012: Predictable Implant Esthetics (Lecture)

Dr. Paresh Shah is an Executive Board Member of the Canadian Academy for Esthetic Dentistry and specializes in implants, esthetics and complex restorative treatments.

MARCH 25 and APRIL 1, 2012: Introduction to Dental Sleep Medicine

(This Hands-on Course is two days and 14 total CEs)

Dr. Marty Lipsey was the owner/director of a GP/Multispecialty Group for over 20 years. That practice included a successful dental sleep medicine department. At the request of a national dental laboratory, Dr. Lipsey began consulting with other dental teams in an effort to help them master the process of implementing and growing their own dental sleep medicine practices. His national lectures offer the most current ideas in the process of building a dental sleep medicine practice. Dr. Lipsey teaches the practical process of developing a patient and physician friendly dental sleep medicine practice including all aspects of private pay and Medicare insurance billing.

CROWNE PLAZA SAN JOSE/SILICON VALLEY 777 Bellew Drive, Milpitas CA (Minutes from the 880, 680, 101 & 237 Fwys) All Courses are on Sundays 8AM - 4PM & 7CA CEs each

\$169 FOR THE LECTURE \$299 FOR THE HANDS-ON OR ONLY \$399 FOR BOTH COURSES (21 CA AND AGD CES)

COURSE SERIES SPONSORED BY:

COURSE TOPICS

Predictable Implant Esthetics: Implant, abutment and final restoration selection all play a vital role to the success of implant treatment. This seminar will provide easy techniques to implement in your practice, covering:

- Proper impressioning techniques and lab communication
- Abutment selection
- Provisionalization, tissue management and prosthetic design

Sleep Medicine: March 25th Topics include—Introduction to sleep - sleep stages, disorders

- Sleep apnea prevalence why is there a need for treatment?
- Sleep apnea signs/symptoms/clinical issues
- Treating snoring and sleep apnea in a dental office protocol review
- Patient education; addressing key issues and getting a snoring patient to convert to a sleep apnea treatment case
- Prepare Embletta X100 home sleep study for course attendee(s)

April 1 Topics include—Download previous week's Embletta X100 study, review study data and sleep report with class

- Hands on with Pharyngometer / Rhinometer
- Working with popular oral appliances like the TAP, Respire, EMA and more!
- Appliance review pro's and con's of all of the major sleep appliances
- Medicare and Dental Sleep Medicine. What's it all about and how can this be a benefit to my practice?
- Medical insurance bulling "From A to Pay" with a review of the latest codes, fees, procedures and recommendations, covering protocols for both private pay medical insurance and Medicare.

Att. Patrick J. Wood

Patrick J. Wood has been representing dentists for over twenty years in all of their business transactional needs. The law firm he founded, Wood & Delgado, handles dental practice sales, lease reviews, associate ships, partnerships, Dental Board defense and related legal needs of dentists in California. He has extensive lecturing experience at dental societies, CDA conventions, Practice Valuation Study Group (a national dental practice broker coalition) and at California dental schools. He has also written many articles on the business side of dentistry, which articles appeared in such dental industry magazines as Dental Economics, Journal of California Dental Association, Journal of Colorado Dental Association, and Strategies for Success. He is a continuing education provider with the California Dental Board.

California Dental Practice Act & Risk Management:

- Practical application of the Dental Practice Act
- Legal Agreements Are you in violation?
- Common Dental Board litigation A Case study
- Business issues related to the Dental Practice Act
- Drugs Proper versus improper prescription protocol
- Dental Records A dentist's ongoing liability
- Marketing your dental Practice
- Dental Procedures/Surgery Duty to supervise licensed professionals
- Other practical topics relating to the practice of dentistry

Rodney M. Stine Infection Control

Mr. Stine has served as Director of Dental Affairs with California Dental Association. He was responsible for management of Regulatory Affairs and Membership Department. He also served as liaison between CDA and Board of Dental Examiners and other regulatory agencies. Mr. Stine reviewed and managed hazard communication requirements with Cal-OSHA, California Department of Health Services. He also served as Executive officer on Board of Dental Examiners.

Gail E. Harris Sr. Clinical Risk Management Consultant

At Medical Protective we bring a wealth of clinical risk management industry experience to the table including a team of seasoned professionals that average over 25 years in the industry. These professionals help our doctors proactively meet risk management challenges each day. Our long-term customers stay with us, because they recognize that we're committed, not just to defending them in court, but keeping them from ever seeing a courtroom .Gail E. Harris, RN, MS, CPHRM, Sr. Clinical Risk Management Consultant, combines a wealth of education and consulting experience with her strong clinical background--with special emphasis on the areas of corporate risk management, infection control, and adult education.
