"IF THIS ISN'T HEAVEN, WHERE AM I?"

Imagine an area where the air and water are clean, the outdoor activities are unlimited and people take an interest in one another. *Imagine* an area where the scenery is so magnificent that sometimes you simply have to stop for a moment to fully appreciate the surrounding countryside. *Imagine* an area which is simply so darn beautiful that people hope they can retire here when they step off the fast track. Now imagine practicing in such an area where you have a short drive to the office in no traffic, and then have the opportunity to play a quick round of golf at a number of phenomenal courses after work if you so choose.

Now *imagine* a practice with a surplus of patients and only one PPO. *Imagine* a payer mix of 50% private pay, 25% indemnity insurance and 25% Delta Dental. Picture a beautiful facility which is fully computerized and consists of four superbly equipped Ops with a prime location and excellent exposure which leases for less than a \$1.00 sq.ft. And in this idealized situation, this practice operates at a 40+% profit margin on a 4-day week with 4-weeks off a year.

And to make this imagined situation even more attractive, this practice is located in an area of numerous Planned Developments where you can pick and choose your Dream Home.

Well, as much as this seems like Heaven this is a real opportunity which realized \$250,000+ in Profits on collections of \$614,000 in 2003. And it is making itself available because the practice wants to be far busier than its Owner wishes to work.

If you are giving serious thought to making a wholesale change for your family and yourself, this could be the perfect situation. Then again, perhaps your children are grown and you simply desire a change of scenery so that you can practice on your terms. Or the remaining years in your career are less than you would like and you still need to get your Financial House in order.
