Dr Lou Graham

Dr. Graham is extensively involved in lecturing and continuing education, focusing on incorporating current clinical advancements through “conservative dentistry”. He is the cofounder of Dental Team Concepts a continuing education company whose philosophy and programs use contemporary, interactive formats to integrate time-proven conservative dentistry with 21st century materials and techniques.

Dr. Graham’s courses emphasize: diagnosis, evidence-based treatment, dental materials, adhesion and cosmetic dentistry, customized approaches to periodontal care, implants and laser dentistry. He lectures nationally and internationally and is a published author in numerous leading dental journals. Dr. Graham is a graduate of Emory Dental School and is in private practice in Chicago, IL he holds a part time faculty position at the University of Chicago. He is a member of the ADA, AACD, AGD, AO, CDS and IDA.

Dr. Graham’s programs are filled with an undeniable passion for his trade, tons of practical information and great clinical stories and case presentations.

Program Highlights:

Part 1 - Updates on Direct Composites

- What is the #1 reason for sensitivity and adhesion failure
- What are the next 9 issues regarding long term success
- From glass ionomers to composites and everything in between
- How to use today’s materials given all your clinical conditions
- Self etch versus Total etch: Is the debate over?
- Class 1’s and 2’s, size and shape all come into account for how you restore
- Step by step casework in creating beautiful restorations
- Billing for time and not for procedure
- Polishing made simple: 3 steps to luster and seal

Part 2 - Updates on Indirect Onlays: The ultimate in conservative dentistry

- Which materials are indicated and for where
- Step by step guidelines regarding preparation and why these preparations save tooth structure
- Impression taking made simple: From traditional cord, to lasers, come understand the necessities
- When and where to use fast set impression materials and regular set and even a product that is flexible with time
- Cementation is the key; the latest on cements and techniques

Part 3 - Advancing Conservative Concepts

- Direct Pulp Capping: How much would you pay NOT to root canal your tooth?
- Indirect Pulp Capping: When do you stop drilling? How do you treat caries affected dentin or deep dentin?
- Soft tissue lasers, yes soft tissue lasers and how they work in the above situations
- Adhesion Endodontics: You’ve bonded all day, now it’s about obturating with superior seals and creating the “monoblock”

Snoring & Sleep Apnea

Oral appliances, a simple treatment for a complicated condition

California Dental Institute Presents: Dr. Wes Samaan BDS, DDS

Dr. Samaan received his BDS from Cairo University in 1972 and has been in private practice since. He is a Diplomat of the American Board of Dental Sleep Medicine. Alumni of the School of Sleep Medicine and Stanford University Sleep Clinic. He is a faculty member of the School of Sleep Medicine in Palo Alto since 1998. He established the Sleep Medicine Program at the University of The Pacific in 2004. Dr. Samaan has lectured on the subject of sleep disorders nationally.

California Dental Institute & Osteo Health Co. Present:
Periodontal Update & Bone Grafting
Strategies for Improved Diagnosis and Patient Management

Dr. Richard T. Kao DDS, Ph.D. is an Associate Clinical Professor at the University of The Pacific in San Francisco. He is a Diplomat of the American Board of Periodontology and a Periodontal / Implant consultant to the California Dental Association. He received his DDS from the University of California, San Francisco in 1982 and a Ph.D. in Pathology from the School of Medicine. In addition to his full time private practice. Dr. Kao maintains an active research program with emphasis in the areas of peri-implantitis and bone regeneration and holds memberships in many organizations.

How our understanding of Periodontal diseases and Treatment approaches have modified our treatment planning.

Seminar will discuss:

1. Reviewing the current understanding of periodontal disease.
2. Factors that modulate periodontal prognosis.
3. Are there any good predictors of periodontal disease activity?
4. Different response to inflammation by thick versus thin gingival tissue biotypes.
5. Periodontal treatment and restorative strategies
6. Grafting extraction sites and ridge preservation
7. Bone Grafting in Periodontal regeneration and implant site preparation
8. Current fads in periodontics (local delivery antibiotics and laser curettage)

Tuition **\$99.00**

- \$59 Staff
- \$25 Additional for on-site registration

Seminar and Registration Times:

- Registration from 8:30 a.m. - 9:00 a.m.
- Seminar from 9:00 a.m. - 5:00 p.m.

Seminar Tuition Includes:

- Continental breakfast
- Certificate of completion
- All attendees will earn 7 CE Units CA and AGD approved

Seminar Location: Four Points Sheraton, 700 West Huntington Drive, Monrovia, CA 91016 (626) 357-5211

THE A.A.D.A.

A Non-profit Organization

PMB 332, P.O. Box 7000, Rolling Hills Estate, CA 90274
Tel: (310) 644-4648 | Fax: (310) 644-0503

Dear Colleague,

We proudly introduce the AADA, a Non-Profit Organization that has provided exceptional Educational and Social services to the Dental community for over twenty years.

More than 25 Continuing Education Units are awarded at the four Continuing Education Seminars every year. Members receive a 50% discount on the regular fees, which include breakfast and lunch as well as the scheduled Lecture and eventual "Hands On." at a prestigious hotel.

Two Social Events are scheduled every year for the Members, their families, and friends. A special Gourmet Dinner with Live Entertainment is held in July, and in early December, we all enjoy the Annual Christmas, New Year, and Holidays Dinner Gala. Both events are held at first class Restaurants or Hotels.

We are proud to announce the AADA 2006 Program, and we cordially invite you to join our Association.

CONTINUING EDUCATION SEMINARS

Seven Continuing Education Units will be awarded at each Seminar.

1) January 22, 2006:

Topic: "Emerging Diseases, Infection Control, and California Law." (*Required for License Renewal*)

Speakers: Joyce M. Galligen, RN, DDS – *Assistant Professor of Clinical Dentistry, USC School of Dentistry.*
Gerald Vale, DDS, JD – *Former Clinical Professor and Interim Dean, USC School of Dentistry.*

2) April 9, 2006:

Topic: "Precision based Endodontics," *Lecture and Hands on. Presented by "Real World Endo."*

Speaker: Ali Nasseh, DDS – *Dr. Nasseh received his Masters Degree in Medical Science and his Certificate in Endodontics from the Harvard School of Dental Medicine, and Tufts School of Dental Medicine.*

3) July 16, 2006:

Topic: "Oral Surgery and Implant." *Lecture and hands on. Presented by 3i Implant Innovations, Inc.*
** Minimally Invasive and Atraumatic Tooth Removal. * Implant Site Preparation and Bone Grafting.*

Speaker: Bach Le, DDS, MD, FICD, *Assistant Professor, Division of Surgical, Therapeutic, and Bioengineering Sciences, and Assistant Director of Oral and Maxillofacial Surgery, USC School of Dentistry*

4) October 21 2006:

Topic: "The Role of Periodontics in Patients' Care."

Speaker: Emad M. Ammar, DDS - *Former Associate Clinical Professor at the Advanced Periodontic Program, at the USC School of Dentistry, Board Member for the San Gabriel Valley Dental Society (CDA), the American Academy of Periodontology, and the American Dental Association. President of the AADA 2005 Executive Board of Directors.*

N.B. This Seminar will be held during the Annual Get-Away Week-End in Las Vegas from October 20 to 22, 2006.

SOCIAL EVENTS:

1) July 15, 2006: Gourmet Dinner and Live Entertainment.

2) December 10, 2006: Annual Christmas, New Year, and Holidays Dinner Gala.

Detailed flyers for each event will be mailed to the members in due course.

Fax: (310) 370-9356

Membership Fee for remainder of 2006

\$100.00

THE A.A.D.A.

A Non-profit Organization

Cordially invites you to attend the 2006 Second Continuing Education Seminar
on Sunday, April 9, 2006

at the Pasadena Hilton Hotel
168 South Los Robles Avenue, Pasadena, CA 92262
Tel.: (626) 577 1000

Seven Continuing Education Units

Precision Based Endodontics.”
(Presented by “Real World Endo”)

Speaker:

Ali Nasseh, D.D.S.

Dr. Ali Nasseh received his Masters in Medical Sciences degree and Certificate in Endodontics from the Harvard School of Dental Medicine. He received his D.D.S. degree in 1994 from Northwestern University Dental School. He maintains a private endodontic practice in Boston Massachusetts Microsurgicalendo.com and holds a staff position at both the Harvard and Tufts School of Dental Medicine. Dr. Ali Nasseh has lectured extensively nationally and internationally on such diverse topics as Pain and Its Biological Mechanisms. One Visit Endodontics and Endodontic Microsurgery.

During this lecture you will learn how to:

1. Visualize and create the “Ideal Access” preparation
2. Fully understand “Crown-Down” philosophy.
3. Appreciate and perform the fully tapered. 06 preparation.
4. Differentiate between Constant and Variable Taper Systems
5. Make instrumentation and obturation “precision-Based” and quality oriented
6. Appreciate new hand file design that compliment rotary techniques
7. Experience “Rheostat-free” Endodontics
8. Perform “Painless Endodontics” in your practice.

Attendees should bring six extracted teeth (two anteriors, two bicuspids and two molars) accessed and negotiated to length with a 10-K file in the presence of a lubricant. Attendees should also take pre-op radiographs of all teeth with the negotiation file in place.

Program:

8:30 AM – 9:00 AM: Registration and Continental Breakfast

9:00 AM – 12:30 PM: Lecture

12:30 PM – 2:00 PM: Lunch

2:00 PM – 5:00 PM: Lecture / hands on

Please Print.

For more information:

Please contact (310) 370-2966

I will attend the Seminar on April 9 2006, at the Pasadena Hilton Hotel.
