TRANSITION LETTERS

In the now distant past, before HMO's, PPO's and advertising in dentistry, dental practices were not sold. They were transitioned from one dentist to another over a period of years. When the senior dentist reached a point in his career that he did not want to work more, he would bring in an associate that would treat all of the new patients and, over time, as the senior dentist worked less, some of the senior dentist's patients. When the senior dentist decided that he wanted to retire, the patients were already familiar with the associate dentist so there was no need for an elaborate explanation. If any money changed hands in the process, it was typically limited to the value of the dental equipment as used equipment.

Given California's Business and Professions Code and the substantial cost associated with acquiring a dental practice, this gradual transition is simply not practical. Buyers and Sellers alike agree that it would be the best way, but the cost of the process is prohibitive as Buyers need to "hit the ground running" to generate income and Sellers are not willing to come in without compensation. Hence, the transition or introduction letter has evolved.

Many Sellers would like to tell their patients the truth – "I have retired", but to do so cuts off the appearance of the transfer of the Seller's goodwill and to tell the complete truth means to disclose that "I was paid a lot of money to transfer your care to the Buyer". Some Buyers would prefer not to send out a letter at all, which rarely works well. It is always best to send a letter that both gives the patient an expectation that they may not be seen by the Seller, some background on the Buyer to give them a sense of comfort, and, for lack of a better term the "what is in it for me" response, i.e. Dr. Buyer will be open on Saturdays for your greater convenience. The key is to inform without drawing great attention to the transition so that the patient still feels connected to the practice and will come in, at least once, to give the Buyer a chance.

For all your practice transition questions, call Kurt Skarin at 805-777-7707.

ILLEGAL DENTAL BROKERS

The Dental Trader strictly enforces the following ad policy for the protection of dentists.

Dentists selling their own dental practices may advertise them however, anyone else listing the sale of a dental practice or soliciting for listings must hold a valid DRE (Calif. These advertisers are also required to identify themselves as an agent or broker on all ads placed that list a dental practice for sale.

If you encounter someone soliciting for listings and/or selling a practice who is not the owner-dentist of that practice or a DRE licensed agent, please notify **The Dental Trader** staff by calling **877-888-4237**. Seriously Better....

"In November 2011 when it came time to list the sale of my seven digit dental practice, there were two publications reaching California dentists...The Dental Trader and the Dental Shopper. I carefully researched both magazines side-by-side and found 21.5 pages of advertising from brokers in The Dental Trader (along with several hundred ads placed by dentists). In the November Dental Shopper I only saw only 3 pages of advertising from practice brokers and about five dozen ads from doctors.

I then realized that a serious buyer would be looking carefully at The Dental Trader. Now, one month later we have received dozens of calls from The Dental Trader ad, some firm offers and one great candidate whose paperwork is being processed by the bank. If you are a serious seller, make sure your practice is advertised in The Dental Trader.....that is where the serious buyers are looking for dental practices."

Sincerely,
Dr. Ramtin Kheaf

**I AM TOM FITTERER, WITH THOUSANDS
OF SALES AND APPRAISALS OVER 46
YEARS THAT NOBODY HAS EQUALED.**

TIME WAITS FOR NO MAN--If you are not now doing the the kind or the quantity of dentistry you would like to do, “SELL NOW” AND PLACE YOURSELF IN POSITION to do that which you need to do to accomplish your goals.

PPS AND I have the time to consult with you on the many options open to you, to help build your practice. There are innovative ways to use cooperative marketing in enhancing your new patient flow, the life blood for healthy growth. The road to perfection is elusive at best.

Reminds me of the plaque given me by Peter K. Thomas DDS after helping him, written by Michelangelo “TRIFLES MAKE PERFECTION, AND PERFECTION IS NO TRIFLE” My hat is off to all Dentists, The trifles and details all must accomplish EVERY DAY to satisfy a demanding public is not known by most, even spouses, to enhance the most important function of our body, our SMILE, and at same time building the practice to the perfect size in the classic sense, large enough to afford having an associate, to allow the Dentist to take a break without worrying about overhead. The answer is in innovative marketing, a detail, to perfect. Let PPS help you.
