

The logo consists of a thick, dark brown rope forming a rectangular border with rounded corners. Inside this border is a light brown oval with a thin white outline. The text "TPC DENTAL" is centered within the oval in a bold, black, sans-serif font. The rope has a detailed braided texture and ends in frayed, knotted tips at the top and bottom.

Sold through authorized dealers only. Call (800) 560-8222 for a dealer located near you.

Warranty Information

All of our products sold are guaranteed to be free from defects in workmanship and materials for one year from date of purchase, unless otherwise stated. TPC will repair or replace any defective part at no charge. TPC will not be responsible for labor charges or shipping charges to / from the TPC facility. This guarantee does not cover normal wear or stains on surface finish. The guarantee does not cover damage resulting from improper installation, misuse or accidents incurred in shipping and handling. All claims against the freight carrier must be initiated at the time the damaged items are received. The claim is the responsibility of the customer. We are improving our products on a continuous basis. We reserve the right to make modifications without the need for prior notification and are not obliged to modify previously manufactured items. Fiber optic system are covered under a six-month warranty, although the bulbs / batteries are items not covered under warranty.

Warning: Only authorized service technicians should attempt to service TPC equipment. Service performed by any unauthorized technicians may result in a voided warranty.

Returned Goods:

- All returns require prior authorization.
- Contact Customer Service for Return Authorization Number
- Returned products are subject to a 25% restocking charge
- All returned goods must have Return Authorization Number
- All returned goods must be shipped prepaid
- All authorized returns must be received by TPC in original packaging, accessories, documentation and in original condition for credit considerations
- All outbound repair / warranty freight charges are the responsibility of the customer.
- Return Claims: All claims for merchandise received that are not in accordance with the original purchase order must be made within five (5) working days of the receipt of the merchandise. All merchandise is quality inspected and packaged in perfect condition. The common carrier assumes full responsibility for the safe delivery of all merchandise after it is removed from the F.O.B. shipping point. All claims for shortages, loss or damage must be documented and filed promptly with the freight carrier. Concealed damage must be reported to the freight carrier immediately upon discovery, with a request for inspection. If a request is made more than 15 days after the receipt of the merchandise, reasonable evidence must be submitted indicating that damage could not have occurred after delivery.

**BONUS
HANDS-ON
PEDO COURSE:
ONLY
\$229**

Dec. 16, 2012, Hands-on Pediatric Restorations - Dr. Carla Cohn

COURSE SERIES
SPONSORED BY:

COURSE TOPICS

Cosmetic Dentistry: Dr. Hess will cover cosmetic cases from start to finish, including: esthetic smile design, determining proper functional incisal edge position, material selection (including the latest innovations in composite and dentin replacement materials), anterior guidance and envelope of function, keys to photography, and lab communication ♦ Dr. Hess will cover larger restorative cases with both indirect restorations and anterior composite restorations including interdisciplinary cases.

Pediatric Dentistry, Minor Ortho and Treatment of Traumatic Injuries: Today's parents demand the best restorations of their children and teen's teeth for function and esthetics. Discussions will include: Glass ionomers, resinomers, composites, and various types of crowns ♦ Esthetic facings for stainless steel crowns and chairside/lab steps ♦ When space maintainers are indicated and their easy fabrication of removable and fixed appliances, including a reference chart of when space maintainer are indicated for each development stage ♦ Band seating, band removing and band cementation. ♦ Enamel microabrasion, direct-bonded and porcelain veneers for teenage patients ♦ Learn how to "numb" a tooth in 30 seconds, perform gingivectomies, frenectomies, fibroma excisions, crown lengthening, troughing for crowns and bridges. etc. with a laser—no shots ♦ Review of traumatic injuries and their treatments, including pulp therapies ♦ Invulsions, dislocations, avulsions and the Ellis Classification of injuries ♦ Radiographic techniques for hard and soft tissue injuries ♦ The protocol for reimplantation of permanent incisors, including splinting mechanisms ♦ The dark primary incisor and treatment of trauma to primary teeth.

Restoratives Update: It is estimated that more than 80% of restorative failures are due to clinical error. This lecture course provides an overview of the restorative options you should be considering today as well as a comprehensive discussion of the ever-changing world of dentinal adhesives, guiding you through the collection of materials and techniques available for both direct and indirect restorations, including: The options available in adhesive systems including the new advancements in Glass Ionomers ♦ Eliminating the frustration of post-operative sensitivity and restorative failure ♦ The materials and techniques for Class I, II & V restorations ♦ Techniques and materials for repairing porcelain fractures ♦ Achieving predictable esthetic results with anterior implants ♦ Techniques for the preparation, impressions, temporization, lab communication, material selection and cementation of indirect restorations.

Hands-On Pediatric Restorations (An additional fee is required for this course) Kids comprise both the life and the growth for your practice. This course will give you practical points on how to treat your little patients well, discussing preventive protocols and current materials available for restorations. Both anterior and posterior esthetic options will be included. Pre-veneered crowns, glass ionomers, and composites will be highlighted. Participants will have the opportunity to use the most outstanding restorative materials available today. You've heard it before - treat the kids well and your practice will soar. Learn to keep the kids and their parents IN your practice.

Hands-on will include: Preventive tools, including bacterial testing, fluoride varnish, composite and glass ionomer sealants ♦ Glass ionomer and resin modified glass ionomer placement techniques ♦ Composite placement techniques - anterior strip crown and posterior indications ♦ Pulpotomy procedures with dentine replacement materials ♦ NuSmile crown placement - anterior and posterior procedures. ♦ Chair side band and loop space maintainer procedures.

The logo features the word "DENTIMAX" in a bold, black, sans-serif font, centered within a yellow oval. This oval is surrounded by a thick, yellow rope border that forms a rectangular shape with rounded corners. The rope has a detailed braided texture and is set against a solid brown background. At the top center of the rope border, there is a small knot or loop.

"I've been involved in the dental industry for over 27 years and can unequivocally say that DentiMax is an excellent tool for both new and existing dental practices. Used in combination with documented practice business systems, DentiMax will help increase your practice's cash flow and productivity while making your workflow smooth and transparent to patients. It is wonderful to see such a complete software package that is so intuitive and easy to use."

—Dr. Roger P. Levin

DR KURTZMAN

Dr. Kurtzman is in private general practice in Silver Spring, Maryland and is a former Assistant Clinical Professor at the University of Maryland, Department of Endodontics, Prosthetics and Operative Dentistry. He has lectured both nationally and internationally on the topics of Restorative dentistry, Endodontics and Implant surgery and prosthetics, removable and fixed prosthetics, Periodontics and has over 150 published articles. He is privileged to be on the editorial board of numerous dental publications, a consultant for multiple dental companies, a former Assistant Program Director for a University based implant maxi-course he has earned fellowship in the AGD, International Congress of Oral Implantology, Pierre Fauchard Academy, American College of Dentists, Mastership in the AGD and Prosthetic Section of the ICOI and Diplomat status in the ICOI. For further information on Dr. Kurtzman or a listing of his published articles visit www.maryland-implants.com.

Lecture highlights:

- 1. *Treatment planning to achieve esthetics***
How to plan esthetic cases to satisfy both the practitioner and patients expectations, from treatment planning through waxups, to stents and onto the clinical restorations.
- 2. *Soft Tissue Management for restorative treatment***
Management of soft tissue to improve the esthetic aspects of restorative dentistry. Determining when to lengthen the incisal, or adjust the gingival tissue to achieve the best results.
- 3. *Provisional Restorations: Techniques for easier temporaries***
Easy techniques for provisionalizing indirect restorations and how to use provisionals as a guide for the lab to fabricate the final restorations.
- 4. *Identifying and Correction of Impression Errors***
How to take great impressions and identify issues when problems occur with your impressions.
- 5. *Direct Resin Restorations: Achieving complex results with simple techniques***
Understanding bonding and what the latest materials can do to improve the quality and longevity of your direct restorations while providing better esthetics.
- 6. *Occlusion and protecting your restorative treatment***
How occlusion impacts on the longevity of your treatment and how to fabricate occlusal guards.

PRACTICES WANTED

Specialists in the
Sale & Appraisal of
Professional Practices
Since 1966

To all Dentists and Office Staff

GET NEW PATIENTS ECONOMICALLY!

SIMPLE AS ABCD

- A) Make your Home Page a new patient magnet.
- B) Let PPSNP (PPS New Patients) provide you a Free Home Page that you can use as a "BILLBOARD" in marketing your practice (your website).
- C) You give or can forward that same home page free to your patients where they can customize as their personal "BILLBOARD" for their business or for their bosses business securing new customers or friends. You, your staff, patients, neighbors, friends can use to customize for their own personal needs to earn an income as well.
- D) Staff Incentive: Doctor, motivate your staff to get new patients by making them Representatives and enable them to earn substantial bonus income and get family Home Page (Including Library, Tutor, Games).
