Limited Time Offer-Call us today at 800.688.2315

Full-Time Receptionist for as low as \$599/month

Includes Denticon full featured practice management software

"You get the advantage of my 15 years of experience in running a dental practice and I get to work from home."

Let me do the following for your office:

- Schedule appointments
- Confirm appointments
- Check insurance
- Submit and manage insurance payments
- Post payments
- Patient billing

All for just \$599/month!

Through a combination of state-of-the-art web-based practice management software and a virtual network of experienced dental office workers, we give new practices the capability to run like a large office from day one.

New Practice Challenges

New practices can't afford a full time employee. So, potential new patients call and get voice mail or an answering service. By the time you return the call, the patient may have found another dentist.

New practices are often dependent on one part-time employee to handle the complex issues of insurance reimbursement and patient billing. Does she know what she's doing? What if she quits?

New practices depend on cash. New practice owners are often unfamiliar with the tasks that are required to maintain healthy cash flow.

New practice owners are often unfamiliar with labor laws and risk the consequences of improperly hiring and firing.

Our Solution

Your full time Receptionist will take your calls, convince the patient why to make an appointment with you, schedule the appointment, and gather all new patient information.

Your full time Receptionist has a minimum of 5 years in-office experience and is managed by experts in dental insurance and patient billing. And, your full time Receptionist is backed up by a network of equally qualified workers.

Your full-time Receptionist will not only teach you how to monitor cash flow, she will keep track and inform you of your results.

Your full-time Receptionist is not an employee of yours, but simply, a service that you purchase month to month.

Limited Time Offer for New Practices *

No Risk 1 Month Free Trial

* Must sign up by June 30, 2008 and includes Denticon the Premier Web-Based Practice Management Software.

Try it for a month. We are confident that you'll continue. But if not... just walk away.

Doctor, are you referring out all of your endo; all of your perio; and all extractions too? Obviously not! Then why not learn to safely place a few simple, quick and easy implants also? Routine 'everyday' dental implants can be placed by GPs, endodontists, prosthodontists & orthodontists, just like any other dental

procedure that you are routinely doing. Referrals to specialists are for the more complicated cases. Implant placement is the most beneficial tooth replacement that a patient can have, while at the same time, it is the most time-profitable service a dentist can give.

What are you waiting for? This is your chance to get started now!

**Tuition: \$85 for AGD or Delta Dental Members; \$215 for non-members; \$115 for Auxiliaries
